with some of the industry's biggest names showing you how they build and tell their stories *Question Power* William Truesdale, Vinni M. Hall, 2024-10-02 *The Power of Questions How They Can Change and Influence Instructional Practices* is designed for both educators and learners. It supports a robust way to understand the efficacy of any teaching and learning environment. Educators should develop questions that ensure their own analysis of essential or key learning concepts and choose spaces to motivate learners to reflect on how they learn. As a learner, one should work on developing question asking strategies that lead to critical thinking, self-advocacy, curiosity, and developing an arsenal of truth-worthy research tools. Using and soliciting questions, particularly open-ended questions and answers, offers a feedback loop that increases academic achievement and develops life-long learning habits. This book's outcome is to elevate instructional efficacy that rebuilds, renews, and regenerates learning through the power of questioning **Digital Storytelling 4e** Carolyn Handler Miller, 2019-11-04 This fourth edition of *Digital Storytelling: A creator's guide to interactive entertainment* dives deeply into the world of interactive storytelling, a form of storytelling made possible by digital media. Carolyn Handler Miller covers both the basics: character development, structure, and the use of interactivity, and the more advanced topics such as AI, Artificial Intelligence, narratives using AR and VR, and Social Media storytelling. The fourth edition also includes a greatly expanded section on immersive media with chapters on the exciting new world of the world of XR, AR, VR, and mixed reality, plus immersion via large screens, escape rooms, and new kinds of theme park experiences. This edition covers all viable forms of New Media, from video games to interactive documentaries. With numerous case studies that delve into the processes and challenges of developing works of interactive narrative, this new edition illustrates the creative possibilities of digital storytelling. The book goes beyond using digital media for entertainment and covers its employment for education, training, information, and promotion, featuring interviews with some of the industry's biggest names. **Key Features:** A large new section covering various forms of immersive media, including VR, AR, and Mixed Reality; Breakthroughs in interactive TV and Cinema; The use of VR, AR, and mixed reality in gaming; New forms of voice-enabled storytelling and gaming; Stories told via mobile apps and social media. **Developing Digital Storytelling for different types of audiences** **Remixing the Curriculum** Elizabeth Stringer Keefe, Adam Steiner, 2018-02-06 *Remixing the Curriculum* offers educators a way to rethink traditional curricular approaches through a curricular remix, a concept in which a curriculum becomes different from its original form, retaining its basic foundational elements but experiencing a metamorphosis to create a new version. *Remixing the Curriculum* suggests that the way to develop curriculum to maximize student access and engagement is to employ essential elements of traditional pedagogy but infuse it with technology to create new features through the X Framework. XFW capitalizes on four essential features of educators' practice and learning: Technology Fitness, in which a teacher self-evaluates their comfort level using technology; Proactive Teaching, which front-loads the planning and preparation for instruction to prior to implementation; Universal Design for Learning (UDL), a set of principles which guide the conditions for learning, including

flexible learning environments to accommodate individual learning differences and Assistive Technology technology to improve the capabilities of students with disabilities At the intersection of these four quadrants is X which serves as a fulcrum for access to the curriculum
