The surrounding forests, particularly the southern ones, were mostly burnt, probably through human activity. As the forest landscape is changing in some southern and the eastern regions, a replacement with deciduous forest is observed and is not the subject of geographical interest. A gradual increase in the proportion of evergreen forest is observed in the southern part of the country, but this is not the subject of geographical interest.

Integrative Hypnotherapy Anne Cawthorn, Peter A. Mackereth, 2010-07-23 Many health care professionals and complementary therapists use hypnotherapy as part of their package of care. Integrative Hypnotherapy provides fully evidence based instruction on how to integrate the theory and practice of hypnotherapy into a range of clinical settings. It presents a combined approach of using hypnotherapy alongside other therapies and is authored by a multidisciplinary team: nurses, psychologists, hypnotherapists, and CAM therapists who use hypnotherapy in their practice and is edited by well known and popular educators in the field. The book is divided into two sections: key concepts and approaches in practice. The second section covers the application of hypnotherapy to specific situations/problems, e.g. managing pain, smoking cessation, gastro intestinal disorders, life threatening illness, anxiety, and weight management. Students and practitioners will be taken on a journey of examination, critical review, and debate prior to reaching recommendations for best practice.
