Perdue,2009-04-01 Wisdom literature asserts the author is grounded in the theological tradition of creation For the Wisdom writers of Israel and early Judaism God is the maker of heaven and earth whose creativity both forms and sustains the world The very nature of God is to create life to sustain it and to ensure that it flourishes God s originating acts of creation and sustaining providence provide the basis for faith worship and ethics Leo G Perdue grounds his reconstruction of the theology of Wisdom in the creation metaphors residing within the language of the sages metaphors that derive from Israelite creation traditions and the mythologies of the ancient Near East He focuses on the differences and interactions between two sets of creation metaphors those dealing with the creation of the world

cosmology and those centering on the creation of humankind anthropology The contemporary importance of the creation theology of Wisdom literature says the author is that it can move the church away from one sided emphasis on salvation history and eschatology to a serious participation in environmental concerns and social justice Wisdom and Creation provides a thorough yet accessible discussion of the theological message of this important part of the Bible **Life of Sir Walter Scott begun by himself and continued by J. G. Lockhart. Second edition** John Gibson Lockhart,1853 **Not So Fast** Doug Hill,2016-10-15 There s a well known story about an older fish who swims by two younger fish and asks How s the water The younger fish are puzzled What s water they ask Many of us today might ask a similar question What s technology Technology defines the world we live in yet we re so immersed in it so encompassed by it that we mostly take it for granted Seldom if ever do we stop to ask what technology is Failing to ask that question we fail to perceive all the ways it might be shaping us Usually when we hear the word technology we automatically think of digital devices and their myriad applications As revolutionary as smartphones online shopping and social networks may seem however they fit into long standing deeply entrenched patterns of technological thought as well as practice Generations of skeptics have questioned how well served we are by those patterns of thought and practice even as generations of enthusiasts have promised that the latest innovations will deliver us soon to Paradise We re not there yet but the cyber utopians of Silicon Valley keep telling us it s right around the corner What is technology and how is it shaping us In search of answers to those crucial questions Not So Fast draws on the insights of dozens of scholars and artists who have thought deeply about the meanings of machines The book explores such dynamics as technological drift technological momentum technological disequilibrium and technological autonomy to help us understand the interconnected interwoven and interdependent phenomena of our technological world In the course of that exploration Doug Hill poses penetrating questions of his own among them Do we have as much control over our machines as we think And who can we rely on to guide the technological forces that will determine the future of the planet

Quest for Divinity Mohamed A. Mahmoud, 2015-02-01 A highly influential Sudanese reformist thinker Mahmud Muhammad Taha is regarded as a product of a dual legacy rooted in mystical Islam on the one hand and in the tradition of modernity on the other Publicly executed in 1985 following his conviction of apostasy Taha offered distinctly original interpretations of the Qur'an and a radical theory of Islamic prayer In *Quest for Divinity* Mohamed Mahmoud presents an in depth and balanced treatment of Taha's controversial yet significant thought The author's ability to provide access to relevant literature in both Arabic and English offers readers a rare view of the considerable nuance in Taha's thought With rich detail Mahmoud explores Taha's theories of human freedom and his social message referred to as the second message of Islam with its emphasis on political economic and social equality Taha's embrace of modernity is further assessed relative to his position on science law and art areas that have always attracted Muslim modernists *Quest for Divinity* will attract attention to Taha's compelling but little known intellectual contribution as a seminal modern reformer of Islam Such recognition is long overdue and will enrich the current debates on Islam and modernity
