Smith, Currie & Hancock's Common Sense Construction Law John M. Mastin, Eric L. Nelson, Ronald G. Robey, Smith, Currie & Hancock LLP, 2019-10-01. The 1 construction law guide for construction professionals. Updated and expanded to reflect the most recent changes in construction law, this practical guide teaches readers the difficult theories, principles, and established rules that regulate the construction business. It addresses the practical steps required to avoid and mitigate risks, whether the project is performed domestically or internationally or whether it uses a traditional design-bid-build delivery system or one of the many alternative project delivery systems. Smith Currie extended information on the civil False Claims Act and fully updated references to current AIA ConsensusDocs, DBIA, and EJCDC contract documents. Chapters cover the legal context of construction, interpreting a contract, public-private partnerships, P3, design-build, and EPC, and international construction contracts. Other topics include management techniques to limit risks and avoid disputes, proving costs and damages, including for changes and claims for delay and disruption, construction insurance, including general liability, builders risk, professional liability, OCIP, CCIP, and OPPI, bankruptcy, federal government construction contracting, and more. Fully updated with comprehensive coverage of the significant legal topics and questions that affect the construction industry. Discusses new project delivery methods, including Public-Private Partnerships, P3, and Integrated Project Delivery (IPD). Presents new coverage of digital tools and processes, including Electronically Stored Information (ESI). Provides extended and updated coverage of the civil False Claims Act as it relates to government construction contracting. Filled with checklists, sample forms, and summary points to remember for each chapter. Smith Currie Hancock's *Common Sense Construction Law: A Practical Guide for the Construction Professional*, Sixth Edition, is the perfect resource for construction firm managers, contractors, subcontractors, architects, and engineers. It will also greatly benefit students in construction management, civil engineering, and architecture.
