

AICE English Lang. Paper 1 Exam

2 hr. 15 min.

Thursday: 4/29/21

Section A:

As you read the passage: Consider the passage's text type and what the typical characteristics of that particular form are. How does the passage demonstrate the key features expected of that form? Use your pen to take notes on the text and make annotations regarding the passage's diction, syntax, tone, and keep a lookout for any figurative language you notice. Always, Always, Always think about how those style choices affect the Reader. What are they meant to make the Reader think or feel? Finally, reflect on what you want to mimic from the original versus what you want to change to ensure you are following the prompt.

1A (Short Directed Writing/ 150-200 words)

1 ½ - 2 paras: Write your own, original shorter version of the passage, but for a specified audience and/or purpose instructed by the prompt. Use your pen to mark key words in the prompt to help ensure you are following its directions. Mimic the language, structure, and style of the original passage as much as possible. Remember that all your choices (whether they match the original passage or if they're different because of the prompt) will have to be explained/ defended in your upcoming 1B response.

1B (Comparison between the original passage and your 1A response)

Intro: Start with a summary of both the original passage and your 1A response. Make sure to explicitly mention the text type, purpose, and audience of each. 2-3 sentences is sufficient. (Example: "In the [original passage's text], the writer's word choice and journalistic style informs the reader about _____. In my [text type instructed via the prompt], the style employed expresses the [topic/purpose instructed by the prompt].")

Body (4-5 paras): Compare the original passage to your 1A response in chronological order.

- Provide a succinct overview of both texts. Show a sense of the overall tone, approach and style of the two texts, not just the ability to list snippets of the text.
- Comment on the different forms and styles of both passages. Identify differences and express those qualities clearly and analytically, not vaguely.
- Identify the differences in linguistic and structural features. Explain how they affect tone, purpose, and audience.
- Refer precisely to evidence or quotation from each text. Select words, phrases, and references that support your points.
- Make sure to explain the potential effects of each piece's style choices on the Reader
- Remember to use A LOT of transition words/phrases throughout your writing.

Conclusion: Repeat each one's purpose. (1-2 sentences is sufficient.) Example: "With figurative language, word choice, and specific styles, both pieces of writing effectively [inform/persuade/ entertain] the reader about _____."

move away from the traditional way of some authors flooding their English Language essay writing books with so many sample essays based on my experiences as an English teacher some years back Many pupils students have the habit of memorizing written essays found in books and reproduce them during examinations class exercises or when given project home work when they see that the question being asked is similar to the answered one they came across I hope the experts in the educational sector will agree with me that this does not augur well for the proper development of the child because he she would not have the opportunity to think and plan on his her own before writing a script with originality I stand to be corrected if I am mistaken It is in line with this that I have given only single sample essays per essay topic treated with more suggested outlines plans Most people often fail to plan their lives and this usually have disastrous effects on them Also in writing examination most candidates fail to plan their essays before answering selected questions As the old adage says If you fail to plan you plan to fail It is based on the above that in writing this book I dedicated the first chapter to the basics of essay writing Below is an excerpt of chapter one of the book After high lighting on the basics of essay writing I went ahead to discuss what paragraphs are and how they can be used in our daily writings This is followed by the use of punctuation marks Here again I have given a comprehensive write up as to how punctuation marks can be used to enrich our written works Other topics covered in the book are writing of narrative essays descriptive essays friendly letters semi formal letters summary writing argumentative essays speeches and talks report writing articles for publication expository essays and advertisement After a comprehensive logical and coherent treatment of each topic I followed up with sample questions outlines plans and essays These are only to serve as a guide to users of the book I will like to take this opportunity to entreat teachers to encourage pupils students whom they teach to learn how to write an outline plan and to use it when answering essay related questions not only with English language but with all other subjects that they deem it fit to apply Some people may not see the usefulness of the outline plan but it helps the pupil stude

web state the characteristics of a good process scheduler or what is scheduling what criteria affects the schedulers performance explain time slicing how its duration affects the overall working of the system what is shortest remaining time srt scheduling what is highest response ratio next hrn scheduling

cpu scheduling practice problems numericals gate vidyalay - Aug 15 2023

web the operating system uses a shortest remaining compute time first scheduling algorithm and schedules a new process either when the running process gets blocked on i o or when the running process finishes its compute burst assume that all i o operations can be overlapped as much as possible

cpsc 457 operating systems midterm exam solution - Feb 09 2023

web a feature of cpu scheduling policies like rr and srpt non preemptive inability to interrupt a running job can only do so when it completes or voluntarily relinquishes cpu itself a feature of scheduling policies like fifo and sjf f 2 marks cpu bound and i o bound cpu bound a characteristic of a job that needs lots of

cpu scheduling in operating systems geeksforgeeks - Nov 06 2022

web may 1 2023 one of the most important areas is scheduling which programs will work on the cpu this task is handled by the operating system os of the computer and there are many different ways in which we can choose to configure programs process scheduling allows the os to allocate cpu time for each process

introduction to operating system quiz questions and answers - Jan 28 2022

web mar 22 2023 check out the informative quiz that covers an introduction to the operating system process management and cpu scheduling operating systems allow us to interact with the computer as they can translate the simple high level language instructions we give them into machine level language and back again to a form that we can

process scheduling mcq free pdf objective question - Feb 26 2022

web jun 13 2023 process scheduling question 11 detailed solution download solution pdf linux operating system supports both preemptive priority scheduling and time sharing cpu scheduling linux scheduler is a priority preemptive scheduler with two priority ranges real time from 0 to 99 and a nice range from 100 to 140

operating systems multiple choice questions for exams set 11 - Apr 30 2022

web apr 24 2020 answer a user level threads do not use os services via system calls whereas kernel threads require system calls kernel level threads require a system call for the switch to occur user level threads do not other differences are user level threads are faster to create whereas kernel level threads are slower to create

operating system mcq multiple choice questions sanfoundry - Mar 30 2022

web the section contains questions and answers on implementation of real time operating systems and real time cpu scheduling

operating system cpu scheduling byju s exam prep - Sep 04 2022

web jul 3 2023 cpu scheduling is a core component of an operating system that determines how processes are allocated and executed on the cpu the primary objective of cpu scheduling is to maximize system throughput and ensure fairness in process execution as multiple processes compete for cpu time the scheduler decides which process should

cpu scheduling operating system multiple choice questions - Jul 02 2022

web all the applicants can practice the operating systems cpu scheduling questions to prepare for the various competitive examinations and interviews we have arranged the multiple choice questions related to the cpu scheduling in os as an online test in the below sections of this article
