Introduction In this fourth volume of grandma s ancient natural remedies and herbal recipes you are going to get a collection
of recipes in which grandmother used fruit vegetables herbs and spices to cure her family and also the neighbors around her
These remedies were given to her down the ages from our grandmother and so on Many of these remedies have been lost in
the mists of time but there were still some people in ancient times who wrote these remedies down in books In 800 BC
Homer praised the knowledge of ancient Egyptians who were extremely skilled in noninvasive surgery and treatment of
ailments Ancient well known Greek and Roman medicine men like Galen and Hippocrates gained plenty of their knowledge
studying in the University of Amenhotep and the great and glorious physician Lucanus known in Biblical history as Saint
Luke studied under Greek and Egyptian physicians There were plenty of physicians who believe in spells and considered that
disease was caused by evil demons Tibetan and other Eastern medicine still uses incantations to get rid of demons which
have possessed a human or an animal body thus causing it to get sick In Indian and Chinese medicine the ancient doctors
had a good knowledge of the human anatomy More than 4000 years ago doctors in India were practicing plastic surgery by
making up noses from flaps of skin taken from other parts of the body In the same manner Chinese doctors knew all about
blood circulation and acupuncture In fact Chinese medicine can be considered to be one of the most ancient scientific and
knowledgeable science ever known to mankind in today s world It was well documented as was Egyptian medicine of which
many ancient priceless papyri have been found Many of these ancient doctors knew about cause and effect even though the
belief of disease causing demons possessing a body still lingers on in many parts of the East People are also under the
impression that diseases are under the control and power of gods and goddesses who have to be placated so that they do not
send an epidemic in the coming rainy season Egypt China Greece Mesopotamia and India were fertile lands That is why there
was absolutely no reason why the people living here could not have plenty of healthy food to eat Grains fruit vegetables
cereals spices nuts and other natural health giving food were in abundance This is why the ancients lived so long Because of
this healthy natural diet and most of the people living outdoors ailments and illnesses were few That is why people of the
21st century are coming back to nature and looking for natural remedies based on fruit and vegetables which are going to
cure them of diseases and ailments Chemical based drugs may heal you very well on a short term basis but they are going to
have an everlasting long term effect on your body That is because they are made up of chemicals which do not suit the bio
physiological functioning system of your body On the other hand fruits and vegetables as well as herbs are going to heal your

body naturally while making sure that you do not suffer from any sort of side effects This is the reason why grandmas collected herbal lore and knowledge is all about the wonderful medical and beauty enhancing benefits of different herbs spices fruit vegetables and flowers
