Air Resources Board California:

California Air Resources Board's Motor Vehicle Emissions Inventory Whitney Renae Leeman,1998 *An Ecological Characterization of the Central and Northern California Coastal Region: Watersheds and basins (2 v.)* ,1981

Carbon Markets Around the Globe Rudolph, Sven,Aydos, Elena,2021-09-09 In this timely book Sven Rudolph and Elena Aydos take an interdisciplinary approach that combines sustainability economics political economy and legal concepts to answer two fundamental questions How can carbon markets be designed to be effective efficient and just at the same time And how can the political barriers to sustainable carbon markets be overcome The authors advance existing theoretical frameworks and examine empirical data from various real life emissions trading schemes identifying strategies and policy windows for implementing truly sustainable ETS *State and Federal Standards for Mobile-Source Emissions* National Research Council,Division on Earth and Life Studies,Board on Environmental Studies and Toxicology,Committee on State Practices in Setting Mobile Source Emissions Standards,2006-06-15 Emissions from mobile sources contribute significantly to air pollution in the United States Such sources include cars and light and heavy duty trucks diesel powered cranes bulldozers and tractors and equipment such as lawnmowers that run on small gasoline engines The role of state versus federal government in establishing mobile source emissions standards is an important environmental management issue With this in mind Congress called on EPA to arrange an independent study of the practices and procedures by which California develops separate emissions standards from the federal government and other states choose to adopt the California standards The report provides an assessment of the scientific and technical procedures used by states to develop or adopt different emissions standards and a comparison of those policies and practices with those used by EPA It also considers the impacts of state emissions standards on various factors including compliance costs and emissions The report concludes that despite the substantial progress in reducing emissions from mobile sources nationwide more needs to be done to attain federal air quality standards in many parts of the country Additionally California should continue its pioneering role in setting emissions standards for cars trucks and off road equipment *Code of Federal Regulations* ,2009 **The Code of Federal Regulations of the United States of America** ,2001 The Code of Federal Regulations is the codification of the general and permanent rules published in the Federal Register by the executive departments and agencies of the Federal Government

Code of Federal Regulations Miriam E. Conteh-Morgan,2004 Special edition of the Federal register containing a codification of documents of general applicability and future effect as of July 1 with ancillaries **Placer Parkway Corridor Preservation from State Route 70/99 to State Route 65, Sutter and Placer Counties** ,2009

Burbank/Glendale/Pasadena Airport Terminal Options ,1984 Mare Island Naval Shipyard Disposal and Reuse, City of Valley, Solano County ,1998
