APc-48 Journeys Ben Young, 2017-11-07 Imagine your nation has suddenly been thrown into an unwanted war and you are told that as a reservist you will join the brigade of your fellow citizen soldiers sailors who are already in place aboard giant steel behemoths bristling with enormous guns sailing in company with many other armed warships Others are in speedy but thin skinned aircraft with little chance of returning alive from each harrowing mission Still others climb inside armored tracked monsters which clank inexorably toward a final clash with those who brought war and

destruction to your friends and family But docked among the enormous steel warships all stretching nearly a thousand feet long and taller than many of the buildings in your hometown is a wooden ship barely a hundred feet long and covered with a material that not only wouldn't stop a 22 caliber bullet from the rifle with which you've hunted squirrels it will even ignite when flame is applied This is your home until peace is declared
