The Transformation of Palestinian Politics Barry Rubin, 2009-06-01. This book is a comprehensive overview and analysis of the Palestinians' travail as they move from revolutionary movement to state. Barry Rubin outlines the difficulties in the transition now under way arising from Palestinian history, society, and diplomatic agreements. He writes about the search for a national identity, the choice of an economic system, and the structure of government. Rubin finds the political system interestingly distinctive: it appears to be a pluralist dictatorship. There are free elections, multiple parties, and some latitude in civil liberties. Yet there is a relatively unrestrained chief executive and arbitrariness in applying the law because of restraints on freedom. The new ruling elite is a complex mixture of veteran revolutionaries, heirs to large and wealthy families, professional soldiers, technocrats, and Islamic clerics. Beyond explaining how the executive and legislative branches work, Rubin factors in the role of public opinion in the peace process, the place of nongovernmental institutions, opposition movements, and the Palestinian Authority's foreign relations, including Palestinian views and interactions with the Arab world, Israel, and the United States. This book is drawn from documents in Arabic, Hebrew, and English, as well as interviews and direct observations. Rubin finds that overall, the positive aspects of the Palestinian Authority outweigh the

negative and he foresees the establishment of a Palestinian state His charting of the triumphs and difficulties of this state in the making helps predict and explain future dramatic developments in the Middle East

The Palestinian Strategic Report 2011/12 Dr. Mohsen Mohammad Saleh , 2013-06-25 This annual referential report has become an essential classic in the academic realm of Palestinian Studies It includes the latest and most recent statistical and analytic data on the various developments related to the Palestinian issue Al Zaytouna Centre for Studies the lack of a unified strategic vision the failure to agree on the priorities for national action in the current stage and the continuing conflict between the strategies of resistance and negotiated peace This is in addition to the fact that Palestinian decision making centers remain in disarray coming under pressure from the Israeli occupation in the WB and Israeli blockade in GS As regards reconciliation PSR 2011 12 argues that steps towards achieving it will continue to stumble expressing little optimism regarding the legislative and presidential elections and the elections for the Palestinian National Council PNC Furthermore there remain significant hurdles before the reformation of the PLO and the security forces where the insistence of the Palestinian Authority PA in Ramallah on maintaining a high level of security coordination with the Israel remains the biggest obstacle to achieving real Palestinian reconciliation As concerns Israel the PSR states that 2011 12 did not witness any significant changes in relation to its internal political landscape except the fact that the Israeli society has continued to lurch to the extreme right in general in tandem with increased racist manifestations targeting the Palestinians of 1948 The PSR discounted the possibility of the negotiations making any serious breakthroughs in the remainder of 2012 especially as the causes and factors leading to the failure of the efforts to resume negotiations remain extant chiefly as a result of Israeli ongoing settlement activities reduced American interest in the Palestinian issue in light of the preoccupation with the presidential elections and continuing changes unfolding in many Arab countries most notably Egypt At the Arab level PSR 2011 12 indicates that the Palestinian cause was not absent from the agendas of the Arab uprisings of 2011 12 albeit it was not prominently present in them either The emergence of democratic systems that reflect

the will of the populaces and with the rise of political factions that are faithful to the Palestinian cause and are not subservient to foreign agendas hope remains that the Palestinian question will receive more attention from these new regimes With respect to international affairs the report concludes that international diplomatic efforts concerning the Palestinian question declined further in 2011 12 as a result of several factors and developments These include the uprisings and transformations in several Arab countries the resurging tension surrounding the Iranian nuclear program and the prospects of a military confrontation and the repercussions of the global financial crisis which has particularly hit countries in the European Union PSR 2011 12 points out that 2012 marks the year of the US presidential elections during which American diplomatic efforts in the Middle East traditionally wane while the stances of both the Democratic and Republican parties converge towards the Israeli position with a view to win over the Jewish vote The report also collates many statistics concerning Israeli violations at various levels including the fact that 118 Palestinians had been killed by the Israeli forces and settlers in GS and the WB including Jerusalem in 2011 12 while 554 Palestinians and international solidarity activists were wounded On the other hand Israel Security Agency ISA recorded 21 Israeli deaths in the same year as a result of attacks carried out by Palestinians while 122 Israelis were wounded On the subject of settlement building the PA Information Center Concerning Colonization and Annexation Wall Affairs in the Ministry of State recorded the existence of 474 settlement sites in the WB until the end of 2011 including 184 settlements 171 unauthorized outposts 26 other settlement sites and 93 buildings which were partially or fully appropriated by the settlers in East Jerusalem In addition PSR 2011 12 draws attention to the fact that the pace of attacks in Jerusalem has been surging year after year to stress that the battle for the Judaization of the Holy City remains Israel's first priority in conjunction with a trend of growing obsession with the Jewishness of the state dominating public thinking in the state of Israel The report also adds that 2011 saw a marked upsurge in attacks against Islamic and Christian holy sites in Palestine by Jewish extremists and Israel mostly as part of the price tag wave of attacks by settlers in the WB As for demographic indicators the number of Palestinians in the world stood at the end of 2011 at about 11 22 million people with half of whom i e 5 63 million 50 1% living in the Diaspora The other half i e 5 6 million people 49 9% live in historic Palestine including around 1 37 million in the territories occupied in 1948 and 4 23 million people in the WB and GS According to PSR 2011 12 if current population growth levels of both Palestinians and Jews remain the same the populations of Palestinians and Jews in historic Palestine will equalize in 2016 when the number of both Jews and Palestinians will be approximately 6 4 million In 2020 the Jewish population will be 6 9 million and will represent about 48 9 percent of the total population compared to 7 2 million Palestinians Concerning economic indicators in the WB and GS the report states that 2011 did not see any new developments concerning the direct dependency of the Palestinian economy in the WB and GS on the Israeli economy or the fact that this economy is isolated from the Arab world and the rest of the world owing to Israel's control of all international ports and Palestinian border crossings This is in addition to the fact

that Palestinian foreign trade is mostly done with Israel PSR 2011 12 also highlights the enormous disparity between the economic conditions of the Palestinians in the WB and GS on one hand and those of the Israelis on the other Indeed the per capita income in 2011 was 1614 in the WB and GS around 1981 in the WB and 1073 in GS compared to 31 291 in Israel The GDP in the WB and GS reached around 6 34 billion in 2011 while the Israeli GDP totaled 242 92 billion Palestine's Christians and the Nationalist Cause Erik Freas,2024-12-23 This book provides an historical overview of Palestine s Christian communities and their role in the Palestinian nationalist movement during the late Ottoman and British mandatory periods More than being a history of Palestine s Christian Arabs the book focuses on Palestine s Christians during the formative period of Palestinian Arab national identity attentive to the broader topic of the relationship between nationalism and religion in this case between Arab identity and Islam Whereas until recently historians have tended to assume that national and religious identities are distinct and mostly mutually exclusive things more recent scholarship has addressed the fact that often there exists considerable overlap between the two though it should be noted often in ways that are not by any means inherently exclusive of those not belonging to the majority faith as is the case here The relationship is also an ever changing one hence the final chapter of the book which functions as something of an epilogue regarding the current status of Palestine s Christians vis vis their place in the nationalist cause and relationship with the broader Muslim population The book will be of interest to historians and scholars focused on the modern Middle East Palestinian history Muslim Christian inter communal relations and the relationship between nationalism and religion **They Make a Difference** Hada Sarhan,2011-05-06 They Make a Difference Men Say NO contains a selection of nine interviews conducted by journalist Hada Sarhan during the tumultuous years following the 2003 occupation of Iraq Each of the nine men she interviews rejects in part or in whole the Western orthodoxy regarding the Palestinian conflict and the war in Iraq Their thoughts and words demonstrate that no is not an expression of resignation but rather an act of resistance to injustice The interview subjects come from all over of the world and include journalists novelists and politicians Although their backgrounds are quite different the nine men are connected by a common thread each is either a decision maker or contributes through media or cultural clout to setting the agenda for those in charge of policy choices By saying noto violence war and genocidethey are saying yes to peace and humanity Instead of fanning the flames of division and hatred these men are committed to fostering a dialogue between East and West based on mutual respect and understanding **Trans-Colonial Urban Space in Palestine** Maha Samman,2013-06-26 Taking a multidisciplinary approach to examine the dynamics of ethno national contestation and colonialism in Israel Palestine this book investigates the approaches for dealing with the colonial and post colonial urban space resituating them within the various theoretical frameworks in colonial urban studies The book uses Henry Lefebvre s three constituents of space perceived conceived and lived to analyse past and present colonial cases interactively with time It mixes the non temporal conceptual framework of analysis of colonialism using literature of previous

colonial cases with the inter temporal abstract Lefebvrian concepts of space to produce an inter temporal re reading of them Israeli colonialism in the occupied areas of 1967 its contractions from Sinai and Gaza and the implications on the West Bank are analysed in detail By illustrating the transformations in colonial urban space at different temporal stages a new phase is proposed the trans colonial This provides a conceptual means to avoid the pitfalls of neo colonial and post colonial influences experienced in previous cases and the book goes on to highlight the implications of such a phase on the Palestinians It is an important contribution to studies on Middle East Politics and Urban Geography *Assessment of media development in*

Dengel,2004-12-10 This volume contains papers selected for presentation at the 6th IAPR Workshop on Document Analysis Systems DAS 2004 held during September 8 10 2004 at the University of Florence Italy Several papers represent the state of the art in a broad range of traditional topics such as layout analysis applications to graphics recognition and handwritten documents Other contributions address the description of complete working systems which is one of the strengths of this workshop Some papers extend the application domains to other media like the processing of Internet documents The peculiarity of this 6th workshop was the large number of papers related to digital libraries and to the processing of historical documents a taste which frequently requires the analysis of color documents A total of 17 papers are associated with these topics whereas two years ago in DAS 2002 only a couple of papers dealt with these problems In our view there are three main reasons for this new wave in the DAS community From the scientific point of view several research fields reached a thorough knowledge of techniques and problems that can be effectively solved and this expertise can now be applied to new domains Another incentive has been provided by several research projects funded by the EC and the NSF on topics related to digital libraries

Am I Not a Human? (7): The Suffering of Jerusalem & the Holy Sites under the Israeli Occupation Dr. Mohsen

Saleh,2012-02-02 The Suffering of Jerusalem and Holy Sites under the Israeli Occupation is the seventh in Am I Not a Human series The previous books include book 1 on the Israeli racism 2 on the suffering of the Palestinian Children 3 on women 4 on prisoners 5 on massacres 6 on refugees 7 on Jerusalem 8 on the separation wall 10 on the worker and 11 on the patient with remaining three issues in preparation The book falls in 142 pages and is written by Dr Mohsen Moh d Saleh It documents the suffering of the holy city holy in Islam Christianity and Judaism and its population under the Israeli Occupation in addition to the Occupation's infringements on other Muslim and Christian holy sites in Palestine generally The book presents a historic and legal background on the issue of Jerusalem since its occupation including documented narratives of the occupation of the city and the continuous forced displacement of its population in addition to documents that prove the illegality and delegitimacy of the Occupation The book also considers the Israeli infringements on Al Aqsa Mosque including excavations beneath and near the Mosque that threaten its infrastructure the breakings into the Mosque the expropriation of its areas and of neighbouring homes and neighborhoods and the continuous attempts of the occupation to transform it into an open

site for Jews and tourists thus depriving its religious sanctity to Muslims Additionally the book describes the Israeli Occupation s practices in the issue of Judaizing Jerusalem and imposing a Jewish facade on the city instead of its currently Muslim Christian dominant Arab identity and works in constructing a parallel holy Jewish city in the project named Jerusalem first The Occupation s settlement expansion in Jerusalem is also among the major issues considered by the book not to mention the various planning schemes that aim at isolating Jerusalem from its Palestinian neighboring villages and from the West Bank more generally and the expropriation of vast lands around Jerusalem to annex them to its municipal borders

Everyday Jihad Bernard Rougier, 2007 As southern Lebanon becomes the latest battleground for Islamist warriors *Everyday Jihad* plunges us into the sprawling heavily populated Palestinian refugee camp at Ain al Helweh which in the early 1990s became a site for militant Sunni Islamists A place of refuge for Arabs hunted down in their countries of origin and a recruitment ground for young disenfranchised Palestinians the camp where sheikhs began actively recruiting for jihad situated itself in the global geography of radical Islam With pioneering fieldwork Bernard Rougier documents how Sunni fundamentalists combining a literal interpretation of sacred texts with a militant interpretation of jihad took root in this Palestinian milieu By staying very close to the religious actors their discourse perceptions and means of persuasion Rougier helps us to understand how radical religious allegiances overcome traditional nationalist sentiment and how jihadist networks grab hold in communities marked by unemployment poverty and despair With the emergence of Hezbollah the Shiite political party and guerrilla army at the forefront of Lebanese and regional politics relations with the Palestinians will be decisive The Palestinian camps of Lebanon whose disarmament is called for by the international community constitute a contentious arena for a multitude of players Syria and Iran Hezbollah and the Palestinian Authority and Bin Laden and the late Zarqawi Witnessing everyday jihad in their midst offers readers a rare glimpse into a microcosm of the religious sectarian and secular struggles for the political identity of the Middle East today Palestinian Identity Rashid Khalidi, 2010 Reprint of work originally published in 1997 New introduction by the author
