Alanna The First Adventure Song Of The Lioness Book 1:

Song of the Lioness, Book 1: Alanna Tamora Pierce, 2025-06-19 *Alanna* Tamora Pierce, 2014-10-21 Eleven year old Alanna who aspires to be a knight even though she is a girl disguises herself as a boy to become a royal page learning many hard lessons along her path to high adventure **The Fiction Gateway** Suzanne Eberlé, Noelle Williamson, 2009 In this guide two experienced school librarians provide a selection of books for librarians teachers and parents The Fiction Gateway is an essential resource that supports individual group and social reading program and provides an instant guide to matching children s interests with suitable reading material **"Throw the book away"** Amie A. Doughty, 2013-05-21 Children s literature is an excellent way to educate children on everything from social behavior and beliefs to attitudes toward education itself A major aspect of children s literature is the importance of books and reading Books represent adult authority This book examines the role that books reading and writing play in children s fantasy fiction from books that act as artifacts of power The Abhorsen Trilogy The Spiderwick Chronicles Harry Potter to interactive books The Neverending Story Malice Inkheart to books with character writers Percy Jackson Captain Underpants The author finds that although books and reading often play a prominent role in fantasy for children the majority of young protagonists gain self sufficiency not by reading but specifically by moving beyond books and reading *Lioness Rampant* Tamora Pierce, 2014-10-21 Having achieved her dream of becoming the first female knight errant Alanna of Trebond is not sure what to do next She has triumphed in countless bloody battles and her adventures are already legendary Perhaps being a knight errant is not all that Alanna needs But Alanna must push her uncertainty aside when she is challenged with the impossible She must recover the Dominion Jewel a legendary gem with enormous power for good in the right hands And she must work fast Tortall is in great danger and Alanna s arch enemy Duke Roger is back and more powerful than ever In this final book of the Song of the Lioness quartet Alanna discovers through fierce combat and ceaseless searching that she indeed has a future worthy of her mythic past both as a warrior and as a woman *Alanna* Tamora Pierce, 2023-09-26 Eleven year old Alanna who aspires to be a knight even though she is a girl disguises herself as a boy to become a royal page learning many hard lessons along her path to high adventure *Into the Closet* Victoria Flanagan, 2013-08-21 *Into the Closet* examines the representation of cross dressing in a wide variety of children s fiction ranging from picture books and junior fiction to teen films and novels for young adults It provides a comprehensive analysis of the different types of cross dressing found in children s narratives raising a number of significant issues relating to the ideological construction of masculinity and femininity in books for younger readers Many literary and cultural critics have studied the cultural significance of adult cross dressing yet although cross dressing representations are plentiful in children s literature and film very little critical attention has been paid to this subject to date *Into the Closet* fills this critical gap Cross dressing demonstrates how gender is symbolically constructed through various items of clothing and apparel It also has the ability to deconstruct notions of problematizing the relationship

between sex and gender Into the Closet is an important book for academics teachers and parents because it demonstrates how cross dressing rather than being taboo is frequently used in children s literature and film as a strategy to educate or enculturate children about gender

Retelling Stories, Framing Culture John Stephens, Robyn McCallum, 2013-01-11

What happens to traditional stories when they are retold in another time and cultural context and for a different audience This first of its kind study discusses Bible stories classical myths heroic legends Arthurian romances Robin Hood lore folk tales oriental tales and other stories derived from European cultures One chapter is devoted to various retellings of classics from Shakespeare to Wind in the Willows The authors offer a general theory of what motivates the retelling of stories and how stories express the aspirations of a society An important function of stories is to introduce children to a cultural heritage and to transmit a body of shared allusions and experiences that expresses a society s central values and assumptions However the cultural heritage may be modified through a pervasive tendency of retellings to produce socially conservative outcomes because of ethnocentric androcentric and class based assumptions in the source stories that persist into retellings Therefore some stories such as classical myths are particularly resistant to feminist reinterpretations for example while other types such as folktales are more malleable In examining such possibilities the book evaluates the processes of interpretation apparent in retellings Index included
