Annual Report Of Nioc Of Iran:

Foreign Investment in the Petroleum and Mineral Industries Raymond F. Mikesell, 2013-10-18 Raymond F Mikesell deals with sources of conflict between private foreign investors and the governments of developing countries He concludes that government ownership and control will expand and that foreign investors are most likely to become sellers of their special services rather than remain investors who act freely for the benefit of parent companies Originally published in 1971

After Oil : A Comparative Analysis of Oil Heritage, Urban Transformations, and Resilience Paradigms Asma Mehan, 2025-07-23 This book offers an academic analysis of the concept of heritage within the realm of oil related urban development It focuses on the term heritage with a specific emphasis on oil heritage exploring its varied implications for urban futures The book provides a nuanced understanding of heritage discussing its different interpretations and values across cultural and environmental contexts It examines the legacy of oil assessing its role and impact on societies It presents a balanced view acknowledging both the economic benefits of oil in urban growth and the environmental and socio economic issues it poses This approach places oil heritage within a broader heritage context critically evaluating its unique characteristics The book also investigates how various cultures perceive and engage with the idea of oil heritage It highlights the contrast between the political debates over oil in Western countries and the developmental challenges faced by emerging economies showcasing the global variance in the concept of oil heritage Additionally the narrative considers the changing role and meaning of oil over time reflecting on its historical importance and the challenges it poses for the future especially in transitioning to a post oil era Through its chapters the book provides a critical examination of the interplay between oil urban development and heritage studies It is designed to contribute to scholarly discourse in these areas targeting academics students policymakers and professionals interested in the intricate relationship between oil heritage and urban dynamics

Iran (RLE Iran D) Robert Graham, 2012-04-27 The sudden increase of oil prices in 1973 meant that the foreign revenues of Iran quadrupled in just over two months As the first OPEC member to begin disbursing this extra revenue on a significant scale Iran offers the first complete example of the social economic and political problems this caused This book examines the cycle of the boom and the years that led up to it from the rural and essentially backward nature of the country to the euphoria of 1973 when the Shah seriously talked of Iran reaching the Great Civilisation where by the 1990s Iran would be the world s fifth power And then finally through to the loss of control over expenditure the cancellation of ambitious projects and eventual disillusionment with all the attendant problems of expectations and increased social and political tension A comprehensive analysis of the system of government in Iran is provided in Part Three of the book demonstrating that this has created a repressed stability incapable of promoting social and economic progress
