Annual Report of the Chairman of the National Advisory Council on International Monetary and Financial Policies to the President and to the Congress for Fiscal Year ... National Advisory Council on International Monetary and Financial Policies (U.S.),1991 *Masters of the Post* Duncan Campbell-Smith,2011-11-03 The origins of the Post Office go back to the early years of the Tudor monarchy Brian Tuke a former King s Bailiff in Sandwich was acknowledged as the first Master of the Posts by Cardinal Wolsey in 1512 and went on to build up a network of postmasters across England for Henry VIII Over the following five hundred years the Royal Mail expanded to an unimaginable degree to become the largest employer in the country and the face of the British state for most people in their everyday lives But it also faced the demands of an increasingly commercial marketplace With the election of Margaret Thatcher in 1979 the possibility of privatising the Royal Mail has prompted passionate arguments and has added immeasurably to the difficulties of running it In charting the whole of this extraordinary story Duncan Campbell Smith recounts a series of remarkable tales including how postal engineers built the first programmable computer for the wartime code breakers of Bletchley Park and how the Royal Mail managed to successfully continue delivering post to the front lines during two world wars but also how they failed to avert the Great Train Robbery of 1963 He brings to life many of the dominant personalities in the Royal Mail s history from Rowland Hill who imposed a uniform penny post and set the great Victorian expansion on its way to Tony Benn who championed the modernisation of the service in the 1960s and Tom Jackson who led the postal workers biggest union through fifteen frequently stormy years up to 1982 This is the first complete history of the Royal Mail up to the present day based on its comprehensive archives and including the first detailed account of the past half century of Britain s postal history made possible by privileged access to confidential records Today s debate over the future of the Royal Mail is shown to be just the latest chapter in a centuries old conflict between its roles raising revenue and serving the public Will its employees remain like Brian Tuke s postmasters servants of the Crown This book could hardly appear at a more timely moment **Annual Report** Hindustan Salts Limited,1966 **Annual Report for the Year Ended June ...** Bank of Mauritius,1984 **Annual Report of the Monetary Board to the Minister of Finance for the Year** Central Bank of Ceylon,1971 *Annual Report* Posts and Telecommunications Corporation (Zambia),1993 **Financial Institutions and Markets in Southeast Asia** Michael T. societies were designed to do business which in turn also affected their efficiency and stability Societies that were small and highly localized or large societies that had agency networks that were closely knit with the communities they served were more likely to be accessible efficient and stable than larger societies that operated no differently than impersonal corporate banks
