12 1 basic structure and function of the nervous system - Jul 01 2023

web there are two ways to consider how the nervous system is divided functionally first the basic functions of the nervous
system are sensation integration and response secondly control of the body can be somatic or autonomic divisions that are
largely defined by the structures that are involved in the response

12 1 structure and function of the nervous system - Feb 25 2023

web the nervous system produces a response in effector organs such as muscles or glands due to the sensory stimuli the motor efferent branch of the pns carries signals away from the cns to the effector organs when the effector organ is a skeletal muscle the neuron carrying the information is called a somatic motor neuron when the effector
