Angel Fire New Mexico Ski Report:

Skiing New Mexico Daniel Gibson, 2017-09-30 This invaluable book tells you everything there is to know about skiing and snowboarding in the Land of Enchantment with thousands of helpful details on the state's downhill ski resorts and cross country and backcountry venues. Each ski area is profiled in a separate chapter including details on facilities and services such as childcare and instructional options, statistics like average snowfall, vertical drop and lift capacity, transportation options including shuttle and bus services and prices of lift tickets, rental equipment and lessons. Gibson also includes historical facts about each ski area and its founders, suggestions for best runs by type of terrain, activities off the slopes and notes on his favorite places to stay and eat. Separate chapters on cross country and backcountry downhill skiing are equally informative.

Leocha's Ski Snowboard America (2009) Charlie Leocha, 2008-10-15 Leocha's *Ski Snowboard America* 21st Edition is a complete guidebook that provides all the information to make intelligent choices and the phone and fax numbers to make reservations and plans. It takes no advertising, has no axe to grind and is written by Leocha together with an international team of prize-winning ski and snowboard journalists. The writers let skiers and snowboarders know whether the resort is a cluster of condominiums clinging to a steep slope or a traditional mountain village exuding old world atmosphere and whether they should pack a sequined gown or simply blue jeans for the nightlife. They also give a no-nonsense, accurate and dependable rating of the ski terrain. *Ski Snowboard America* includes expanded up-to-date coverage of more than 100 resorts in the U.S. and Canada. Readers will learn about cross country trails surrounding the resorts as well as details about current prices for lift tickets and ski school programs, complete children and day care programs, plus lodging, dining and nightlife. Simply more important details than any other guide.
