Magic, Monsters, and Make-Believe Heroes Douglas E. Cowan, 2019-01-29 Magic Monsters and Make Believe Heroes looks at fantasy film television and participative culture as evidence of our ongoing need for a mythic vision for stories larger than ourselves into which we write ourselves and through which we can become the heroes of our own story Why do we tell and retell the same stories over and over when we know they can t possibly be true Contrary to popular belief it s not because pop culture has run out of good ideas Rather it is precisely because these stories are so fantastic some resonating so deeply that we elevate them to the status of religion Illuminating everything from Buffy the Vampire Slayer to Dungeons and Dragons and from Drunken Master to Mad Max Douglas E Cowan offers a modern manifesto for why and how mythology remains a vital force today

Rediscovered Classics of Japanese Animation Maria Chiara Oltolini, 2024-01-25 Rediscovered Classics of Japanese Animation is the first academic work to examine World Masterpiece Theater Sekai Meisaku Gekij 1969 2009 which popularized the practice of adapting foreign children s books into long running animated series and laid the groundwork for powerhouses like Studio Ghibli World Masterpiece Theater Sekai Meisaku Gekij 1969 2009 is a TV staple created by the Japanese studio Nippon Animation which popularized the practice of adapting foreign children s books into long running animated series Once generally dismissed by critics the series is now frequently investigated as a key early work of legendary animators Isao Takahata and Hayao Miyazaki In the first book length examination of the series Maria Chiara Oltolini analyzes cultural significance of World Masterpiece Theater and the ways in

which the series pioneered the importance of children's fiction for Japanese animation studios and laid the groundwork for powerhouses like Studio Ghibli. Adapting a novel for animation also means decoding and re-coding socio-cultural patterns embedded in a narrative. *World Masterpiece Theater* stands as a unique example of this linguistic medial and cultural hybridisation. Popular children's classics such as *Little Women*, *Peter Pan* and *Anne of Green Gables* became the starting point of a full-fledged negotiation process in which Japanese animators retold a whole range of narratives that have one basic formula in common: archetypal stories with an educational purpose. In particular, the series played a role in shaping the pop culture image of a young girl, *shōjo*. Examining the series through the lens of animation studies as well as adaptation studies, Oltolini sheds new light on this long neglected staple of Japanese animation history.

Animation in Mexico, 2006 to 2022 David S. Dalton, 2025-04-01. Answering a call to view Mexican film through the lens of commercial cinema, *Animation in Mexico 2006 to 2022* is the first book-length study of the country's animated cinema in the twenty-first century. As such, the volume sheds light on one of the country's most strategically important and lucrative genres, subjecting it to sustained intellectual analysis for the first time. Building on earlier film history, David S. Dalton identifies two major periods during which the focus shifted from success at the national box office to internationalization and streaming. In eight original essays, contributors use an array of theoretical and disciplinary approaches to interrogate how this popular genre interfaces with Mexican politics and society, more broadly, from Huevocartoon to *Coco* and beyond. The book will appeal to students, scholars, and fans of Mexican film by situating animation within broader currents in the field and the industry.
