trauma While photographs from the camps and later aesthetic reconstructions differ in origin they share goals and have raised similar concerns the former are questioned not as to veracity but due to their potential inadequacy in portraying the magnitude of events the latter are criticized on the grounds that the mediation they entail is unacceptable Some have even questioned any attempt to represent the Holocaust as inappropriate and dangerous to historical understanding This book explores the taboos that structure the production and reception of Holocaust images and the possibilities that result from the transgression of those taboos Essays consider the uses of various visual media aesthetic styles and genres in representations of the Holocaust the uses of perpetrator photography the role of trauma in memory aesthetic problems of mimesis and memory in the work of Lanzmann Celan and others and questions about mass cultural representations of the Holocaust David Bathrick is Emeritus Professor of German at Cornell University Brad Prager is Associate Professor of German at the University of Missouri and Michael D Richardson is Associate Professor of German at Ithaca College

The extraordinary story of Bep Voskuil Anne Frank's closest friend during the 761 days she spent in the Secret Annex Bep Voskuil was just

twenty three when the Franks went into hiding and she risked her life to protect them sourcing food and medicine under the noses of German soldiers and Dutch spies But while Bep's friendship with Anne blossomed Bep's sister Nelly whose name was scrubbed from Anne's published diary was collaborating with the Nazis Long after the war haunted by the loss of Anne Bep is unable to put to rest the horrifying suspicion that she had been betrayed by her own flesh and blood Written by Bep's son The Last Secret of the Secret Annex is a captivating story of heroism betrayal and the devastating destructive power of a secret

_____ Fascinating Not only conveys the quiet heroism of what his mother contributed to Anne Frank's story but a sad playing out of a family's dysfunction of the pain of survival of the ripples of trauma flowing into succeeding generations DAILY TELEGRAPH

Victimhood Nationalism Jie-Hyun Lim, 2025-04-01 Nationalism today depends on the perception of victimhood The historical memory of past suffering endows nationalist movements with political legitimacy and a sense of moral superiority Koreans recall Japanese colonial atrocities while Japan commemorates the atomic bombings of Hiroshima and Nagasaki Israel sanctifies the Holocaust and Poland trumpets the Nazi and Soviet occupations Even Germany and Russia perpetrators of historical crimes today cast themselves as victims by pointing to national suffering In this theoretically sophisticated and empirically rich book Jie Hyun Lim offers a new way to understand nationalism and its political instrumentalization of suffering developing the concept of victimhood nationalism and exploring it in a range of global settings He examines relations among Poland Germany Israel Korea and Japan focusing on how memories of colonialism the Holocaust and Stalinist terror have converged and intertwined in transnational spaces With an emphasis on memory formation Lim scrutinizes how perpetrators in Germany and Japan transformed themselves into victims as well as how nationalists in Poland Korea and Israel portray themselves as hereditary victims in order to rebut external criticism He considers the construction of nations as victims and perpetrators tracing the interaction of history and memory Ultimately the book contends challenging victimhood nationalism is necessary to overcome the endless competition over national suffering and instead promote reconciliation mutual understanding and transnational solidarity
