Announcing A New Medical Practice:

Medical Practice Management in the 21st Century Marjorie A. Satinsky,Randall T. Curnow,2007 Addresses multiple aspects of medical practice management Presented in the workbook format supported by web based tools this book allows busy physicians to gain a basic understanding of many topics determine strategies for their practices and seek additional information when they want it The Business of Building and Managing a Healthcare Practice Neil Baum,Marc J. Kahn,Jeffery Daigrepont,2023-08-31 Building on the foundation of the previous edition this book takes readers to the next level of management of medical practices for the 21st century The road to becoming a physician is not an easy one to travel nor does it become easier once a doctor completes his her training After a long and arduous training process doctors embark on their professional journey and there are major crossroads that are fraught with challenges unknowns and risk The transition to professional practice is daunting and many physicians leave their training unprepared for the business of medicine Even at the peak of their careers sustaining a successful and profitable practice is not easy Opening chapters revisit the basic business concepts that every physician needs to know emphasizing the benefits that accrue to a physician who understands the basics of business from accounting and contracts to managing people and personal finances The next set of chapters offers a roadmap for doctors who are beginning a medical practice and will include new methods and procedures that have become available since the original edition defining the various options for doctors employment such as solo practice group practice and academic medicine The final chapters emphasize strategies on how to build and grow a successful practice including the use of technology and telemedicine cybersecurity marketing and much more Unfortunately not every doctor has the background training and skills to manage a medical practice The Business of Building and Managing a Healthcare Practice simplifies the process of business management and provides the practicing physician with knowledge to be able to enjoy the business component of his her medical practice **Title Announcement Bulletin** ,1957
