Choice, 2001

Thinking Qualitatively Johnny Saldana, 2014-09-03 Written in Johnny Salda a s elegant and accessible style Thinking Qualitatively Methods of Mind boldly pursues the challenge of teaching students not just how to collect and analyze data but how to actively think about them Each chapter presents one method of mind thinking analytically realistically symbolically ethically multidisciplinarily artistically summarily interpretively and narratively together with applications a vignette or story related to the thinking modality points to remember and exercises Designed to help researchers rise above the data the book explores how qualitative research designs data collection data analyses and write ups can be enriched through over 60 different lenses filters and angles on social life Venturing into more evocative and multidimensional ways to examine the complex patterns of daily living the book reveals how the researcher s mind thinks heuristically to transcend the descriptive and develop highdeep insights about the human condition This is a book for all qualitative methodologists Not just a how to manual but an epistemological exercise in understanding qualitative methods Cassie F Quigley Clemson University This book fills an important void in the field The market is crowded with books on techniques and strategies for conducting qualitative research Salda a s volume provides a vital complement by encouraging students to develop the core analytical skills and interpretive frames they need to be truly successful in their research endeavors He helps students flex and hone the epistemological muscles that are at the center of capable qualitative research John P Bartkowski University of Texas at San Antonio The focus of the book is clear and

consistent The writing is superb It deals with sophisticated ideas in a clear and highly communicative style It weaves important and relevant scholarship in ways that help the reader grasp the key ideas It s one of the best books I have read Liora Bresler University of Illinois at Urbana Champaign Thinking Qualitatively invites students to think before they act and offers a rich set of options for qualitative researchers to consider Michael Brown University of Wyoming This book brings together key ways of thinking about our work as qualitative researchers In many ways it captures the breadth and depth of our work while calling for us to be ever reflexive about our practices I see this book as positively informing the work of novice and experienced researchers It is a much needed addition to the qualitative research community Jessica Nina Lester Indiana University

Chinese Translation Studies in the 21st Century Roberto Valdeon,2018-11-09 Chinese Translation Studies in the 21st Century which presents a selection of some of the best articles published in the journal Perspectives in a five year period 2012 2017 highlights the vitality of Translation Studies as a profession and as a field of enquiry in China As the country has gradually opened up to the West translation academic programmes have burgeoned to cater for the needs of Chinese corporations and political institutions The book is divided into four sections in which authors explore theoretical and conceptual issues such as the connection between translation and adaptation multimodality and the nature of norms audiovisual translation including studies on news translation and the translation of children s movies bibliographies and bibliometrics to assess for example the international visibility of Chinese scholars and interpreting analyzing pauses in simultaneous interpreting and sign language among other aspects The book brings together well established authors and younger scholars from universities in mainland China Hong Kong Macao and Taiwan The chapters in this book were originally published in various issues of Perspectives Studies in Translatology Braille Book Review ,2017

The Common Core Companion: The Standards Decoded, Grades K-2 Sharon Taberski,Jim Burke,2014-05-13 It s the teaching around the standards that counts What makes Sharon Taberski s Common Core Companion that version of the standards you wish you had It s the way Sharon translates each and every standard for reading writing speaking and listening language and foundational skills into the day to day what you do It s all here The standards for literature and informational texts put side by side for easier planning More than a dozen teaching ideas for each standard Recommendations on how to cultivate critical habits of mind A glossary of academic language for each standard An online bank of graphic organizers reproducibles charts and more

Minnesota Literature Newsletter ,1974-11

Focus on Text Amy Benjamin,2014-06-25 As schools shift to the Common Core many English language arts teachers are left with questions about how their classrooms should look Is fiction out Can I still do strategy instruction Does close reading mean deliberating on each word Finally there s a resource with all of these answers and more In Focus on Text bestselling author Amy Benjamin provides practical guidance on how to realistically implement the Common Core reading standards Part I of the book examines misconceptions about the standards and what s really required It also takes you inside classrooms to see

how teachers are modifying their instruction Part II tackles each reading standard for grades 4-8 You'll learn how to teach the standards with literary and informational texts and how to use them as a springboard for instruction in writing language speaking and listening Topics include Defining close reading and how is it different from word by word reading When and how do students need to go over a text meticulously How to use scaffolding through background knowledge to help students with challenging texts The best instructional practices to help students increase their range of reading and level of text complexity Ideas for teaching key concepts such as text structure point of view theme stated and implied meanings and the progression of ideas and characters Tweaking your assessments to better align with the Common Core how to create reading check quizzes unit tests and cold reading tests to see if students are growing as readers And much much more Throughout the book you'll find teaching tips and practical resources to use with students such as question starters and sentence stems You'll also get a wide variety of classroom examples at different grade levels and with different texts Whether you're experienced with the Common Core or just getting started this book will give you exciting new ideas for making them work in your own classroom so your students grow as readers

Common Core State Standards for Grade 6 Michelle Manville, 2014-05-21 Common Core State Standards for Grade 6 Language Arts Instructional Strategies and Activities is designed to help teachers address Common Core standards using research based effective instructional strategies in combination with ready to use activities These strategies include identifying similarities and differences writing summaries and taking notes creating non linguistic representations and suggestions for homework and practice There are a variety of suggested texts as well as identified text exemplars that can easily be used with the strategies and activities
