Omohundro Wedekind and literacy coach Christy Hermann Thompson have spent years comparing notes on how to build effective classroom communities across the content areas. Their answers start with Hands Down Conversations, an innovative discourse structure in which students' ideas and voices take the lead while teachers focus on listening and facilitating. In addition to classroom stories and examples, Christy and Kassia provide 28 micro lessons designed to help K-5 students develop and exercise their speaking and listening muscles. Inside Hands Down Speak Out, you'll learn how to build talk communities that are accessible to everyone, especially those whose voices are often traditionally left out of classroom discourse.
