Mulvaney, 2003-05 First published over thirty years ago *Classic Philosophical Questions* has presented decades of students with the most compelling classic and contemporary readings on the most enduring and abiding questions in philosophy The anthology topically arranged uses debate and argument as vehicles to teach students the fundamentals of philosophy while also demonstrating that philosophy is a discourse spanning centuries James A Gould and Robert J Mulvaney continue to provide students with interesting intriguing essays from major philosophers in a distinctive presentation often involving a pro con format to ensure that both the apparent and subtle points of argument are both meaningful and clear Features of this new edition Sections on epistemology and metaphysics introduced earlier in this edition New readings from Martha Nussbaum and Martin Luther King Jr Concise student friendly introductions to each philosopher and reading Helpful study and reflection questions focus students reading and improve comprehension

A Philosophical History of Rights Gary Herbert, 2017-10-24 Since the seventeenth century concern in the Western world for the welfare of the individual has been articulated philosophically most often as a concern for his rights The modern conception of individual rights resulted from abandonment of ancient value laced ideas of nature and their replacement by the modern mathematically transparent idea of nature that has room only for individuals often in conflict In *A Philosophical History of Rights* Gary B Herbert traces the historical evolution of the concept and the transformation of the problems through which the concept is defined The volume examines the early history of rights as they existed in ancient Greece and locates the first philosophical inquiry into the nature of rights in Platonic and Aristotelian accounts He traces Roman jurisprudence to the advent of Christianity to the divine right of kings Herbert follows the historical evolution of modern subjective rights the attempts by Locke Rousseau Kant Fichte and Hegel to mediate rights to

make them sociable He then turns to nineteenth century condemnation of rights in the theories of the historical school of law Benthamite utilitarianism and Marxist socialism Following World War II a newly revived language of rights had to be constructed to express universal moral outrage over what came to be called crimes against humanity The contemporary Western concern for rights is today a concern for the individual and a recognition of the limits beyond which a society must not go in sacrificing the individual's welfare for its own conception of the common good In his conclusion Herbert addresses the postmodern critique of rights as a form of moral imperialism legitimizing relations of dominance and subjection In addition to his historical analysis of the evolution of theories of rights Herbert exposes the philosophical confusions that arise when we exchange one concept of rights for another and continue to cite historical antecedents for contemporary attitudes that are in fact their philosophical antithesis *A Philosophical History of Rights* will be of interest to philosophers historians and political scientists

Greek Tragic Vision Dr. Balwinder Singh, 2016-04-29 A critical study of the Greek tragic vision in the context of other plays taken for the purpose manifests that the conceptualization of tragedy has followed three paradigmatic shifts The Greeks believed in Divine universe higher than the mundane which impacted upon the latter for good and bad in response to its own moral order and its canons For example Sophocles Oedipus is fated to commit parricide and incest even before his birth Euripides Medea takes help from the sun god Aegeus goes to Delphi to know the reason of his remaining issueless Medea is a sorceress and invokes the supernatural powers to kill her foes In other tragic visions like that of Shakespeare's Neoclassical and Modern tragic vision it's hardly so The application of various perspectives of Aristotle Aurobindo Jung Joseph Campbell George A Kelly Tony Wolfe etc would help us unfurl the skein tragic tangles in the life we human beings
