academic literacy and eminently relevant to all educators who want their students to become thoughtful readers and powerful learners **Modern Utopian Fictions from H. G. Wells to Iris Murdoch** Peter Edgerly Firchow, 2007-04

Criticism on utopian subjects has generally neglected the literary or fictional dimension of utopia. The reason for such neglect may be that earlier utopian fictions tended to be written by what one would nowadays call social scientists e.g. Plato or Sir Thomas More. That is also why earlier discussions of utopian fiction were usually written by critics trained in the social sciences rather than by critics trained in literature. To an appreciable degree this still tends to be the case today. Now however there is an additional difficulty for the social scientists are critiquing utopias written by people who are primarily literary for example Krishan Kumar on Wells or Bernard Crick on Orwell. Inevitably much of importance of literary importance is simply disregarded and so our understanding of modern utopia is correspondingly diminished. This book aims to put the fiction back into utopian fictions especially in Britain it seeks to demonstrate in specific ways how those utopias have become increasingly literary possibly as a reaction not only against the social scientification of modern utopias but also in reaction against the modern attempt to institute utopia in reality notably in the former Soviet Union but also in consumerist late twentieth century America. After an introductory discussion of how we understand and how we should understand modern utopian fictions the book provides several examples of how those understandings affect our appreciation of utopian fiction. There are chapters on H.G. Wells' *Time Machine*, Bernard Shaw's *Major Barbara*, Aldous Huxley's *Brave New World*, George Orwell's *Animal Farm* and *Nineteen Eighty-Four*, William Golding's *Lord of the Flies* and Iris Murdoch's *The Bell*. *Study Guide to 1984 by George Orwell* Intelligent Education, 2020-09-12 A comprehensive study guide offering in depth explanation, essay and test prep for George Orwell's *1984*, considered to be a classic novel. As a novel of the twentieth century it was among the first of many in the popular dystopian fiction genre. Moreover *1984* focuses on the effects of an over involved government and the importance of freedom of expression. This Bright Notes Study Guide explores the context and history of George Orwell's classic work helping students to thoroughly explore the reasons it has stood the literary test of time.
