Kiss And Tell Julie Enfield, 2004-02-02 Everything begins with a kiss We are born in our parents first kiss and our earliest memories are of our mother s fond kisses Kisses come on kisses and of the kisses that follow none seems more intense than our first romantic kiss We are kissed by fortune by love We shape our most potent desires with our lips Kisses are the electric gates of love and passion Like summer lightning kisses dance they wriggle they slip away Did kissing originate as a by product of pre mastication that is the transfer of a mother s soft prechewed food into the mouth of her infant Does a pooch or any other animal smooch Can a mother s kiss symbolically suck out the evil force that is causing her child pain How is a sniff kiss different from a mouth kiss And how does a lipstick s rosy hue harken back to a woman s subconscious labial awareness These tantalizing questions and many more are answered in Kiss and Tell the first comprehensive book to embrace the subject of kissing in sensuous detail Author and journalist Julie Enfield offers us a panoply of kisses from the celebrated French kiss to the unforgettable first kiss She explores how each of our five senses enhances and informs a kiss and reveals the sometimes surprising chemistry behind desire From a fascinating expos of literary film and artistic kisses to a lush landscape of lipstick and iconic pouts this playfully designed and beautifully packaged book is the ultimate guide to lip reading and a perfect gift of love
