play a leading role in human spaceflight again in 2011 the National Air and Space Museum awarded him their lifetime achievement trophy for his contributions Following the contributions of George E Mueller in this unique book Arthur L Slotkin answers such questions as exactly how did the methods developed for use in the Air Force ballistic missile programs get modified and used in the Apollo Program How did George E Mueller with the help of others manage the Apollo Program How did NASA centers coming from federal agencies with cultures of their own adapt to the new structured approach imposed from Washington George E Mueller is the ideal central character for this book He was instrumental in the creation of Apollo extension systems leading to Apollo the Shuttle and today s ISS and thus was a pivotal figure in early American human spaceflight history Commerce Today ,1972 *Monthly Catalog of United States Government Publications* ,1969
