101 Short Stories Part Two:

Imperial White Books ...: 1886, part 2, 1887 **Epic Tales: 50 Short Stories from Hindu Mythology** Zahid Ameer, 2023-10-01 Relive the legends of Rama Sita Krishna and more Explore 50 short stories from Hindu mythology filled with familiar figures and timeless wisdom The Anecdotal Narration and Encyclopedic Thought of Pliny the Elder's Naturalis Historia Ágnes Darab, 2020-04-16 Pliny the Elder's Naturalis Historia with its varied content enables and expects the reader to employ a complex interpretative technique One aspect of Pliny's diction is that he often interrupts the discussions of topics with digressions and begins to address something that seemingly has nothing to do with the subject The hypothesis suggested by this book is that these digressions that occur in different places and in great number throughout the text of Naturalis Historia should not be regarded as mistakes fragmenting the encyclopedia's structure Most of these digressions are anecdotes Researching the aetiological anecdotes and those about the life of animals famous persons from political or intellectual life and the most important Greek painters and sculptors requires the application of different perspectives When we approach anecdotes from the perspective of narrative techniques the role of the stories as exempla becomes clearer and its further aspects can be spotted This book also draws attention to Pliny the writer an aspect of the text that has been contested until very recently **The English Short Story in Canada** Reingard M. Nischik, 2017-04-11 In 2013 the Nobel Prize for Literature was for the first time awarded to a short story writer and to a Canadian Alice Munro The award focused international attention on a genre that had long been thriving in Canada particularly since the 1960s This book traces the development and highlights of the English language Canadian short story from the late 19th century up to the present The history as well as the theoretical approaches to the genre are covered with in depth examination of exemplary stories by prominent writers such as Margaret Atwood and Alice Munro A New Woman Reader Carolyn Christensen Nelson, 2000-11-07 In the 1890s one phrase above all stood as shorthand for the various controversies over gender that swirled throughout the period the New Woman In New Women fiction progressive writers such as Sarah Grand George Egerton and Ella D Arcy gave imaginative life to the plight of modern women and reactionaries such as Grant Allen attempted to put women back in their place In all the leading journals of the day these and other writers argued their cases in essays letters and reviews as well as in fiction This anthology brings together for the first time a representative selection of the most important interesting and influential of New Woman writings "The" Prymer Or Lay Folks' Prayer Book Edmund Bishop, Henry Littlehales, 1895 *Talbot Mundy, Philosopher of Adventure* Brian Taves, 2005-11-09 This critical biography chronicles both the actual travels and the philosophical meanderings of Talbot Mundy one of the pioneers of the fantasy and adventure genre Less celebrated than his contemporaries Rudyard Kipling and Joseph Conrad Mundy was no less gifted when it came to the literary portrayal of faraway lands He was one of the first Western writers to show an appreciation of Eastern culture and his writing became an outlet for his radical ideas on religion and philosophy At the age of sixteen

Mundy left his native England to begin his life of adventure a journey that took him from India to the Middle East to Tibet and finally to America which became his adopted home The American spirit of adventure matched Mundy s own and it was here that he found a true audience for his work This book explores Mundy s oeuvre much of it set in exotic locales through which he himself had traveled and considers both his novels and his lesser known writing as well as his film and radio work Books such as Rung Ho King of the Khyber Rifles Caves of Terror Purple Pirate and Tros of Samothrace are discussed and placed within the framework of Mundy s life and philosophy The final chapter evaluates the enduring value of his writings Appendices include a comprehensive list of Mundy s works and a chronological listing by their original publication dates
