Financial Statements Carsten Berkau, 2024-10-14 Financial Statements follows the international IFRS accounting syllabus as taught at Osnabrück University UAS and developed with its international partner universities. It covers the preparation, disclosure and analysis of financial statements on a bachelor's and master's level. It contains more than sixty case studies with detailed calculations, journal entries, T accounts and financial statements. The content is based on knowledge about international bookkeeping and follows the balance sheet items starting from non-current assets on the debit side and ending with income tax liabilities on the credit side. It covers a full set of financial statements in compliance with IAS 1:10 including the notes and ESG reporting. Readers can download numerous explanation files, exam tasks with solutions, links to youtube clips produced by the author and spreadsheet files that support the accounting work in academia. *The Car Book*

The Car Book 2004 Jack Gillis, 2003 *Lemon-Aid New Cars and Trucks 2012* Phil Edmonston, 2011-12-03 Lemon Aid guides steer the confused and anxious buyer through the economic meltdown unlike any other car and truck books on the market. Phil Edmonston, Canada's automotive Dr. Phil pulls no punches. He says there's never been a better time to buy a new car or truck thanks to a stronger Canadian dollar and an auto industry offering reduced prices, more cash rebates, low financing rates, bargain leases and free auto maintenance programs. In this all-new guide, he says Audis are beautiful to behold but hell to own, biodegradable transmissions, rodent snack wiring and mind-boggling depreciation. Many 2011-12 automobiles have chin-to-chest head restraints, blinding dash reflections and dash gauges that can't be seen in sunlight, not to mention painful wind-tunnel roar if the rear windows are opened while underway. Ethanol and hybrid fuel-saving claims have more in common with Harry Potter than the Society of Automotive Engineers. GM's 2012 Volt electric car is a mixture of hype and hypocrisy from the car company that killed its own electric car more than a decade ago. You can save 2,000 by cutting freight fees and administrative charges. Diesel annual urea fill-up scams cost you 300 including an 80 handling charge for 25 worth of urea. Lemon Aid's 2011-12 Endangered Species List the Chinese Volvo, the Indian Jaguar and Land Rover, the Mercedes-Benz Smart Car, Mitsubishi and Suzuki. **Lemon-Aid New and Used Cars and Trucks 1990-2015** Phil
