American Gerald R Ford In contrast to every other individual who had ever occupied the Oval Office he had never appeared on any ballot either for the presidency or the vice presidency Ford simply and humbly performed his duty to the best of his considerable ability By the end of his 895 days as president he would in fact have restored balance to our country steadied the ship of state and led his fellow Americans out of the national trauma of Watergate And yet Gerald Ford remains one of the least studied and least understood individuals to have held the office of the President of the United States In turn his legacy also remains severely underappreciated In When the Center Held Ford s Secretary of Defense Donald Rumsfeld candidly shares his personal observations of the man himself providing a sweeping examination of his crucial years in office It is a rare and fascinating look behind the closed doors of the Oval Office including never before seen photos memos and anecdotes from a unique insider s perspective engrossing and informative Kirkus Reviews reading for any fan of presidential history
