Includes newly updated high resolution illustrations, images and photos throughout. Presents case based controversies and unique solutions plus current views on what works and what does not based on recent science and outcome measures. Enhanced eBook version included with purchase. Your enhanced eBook allows you to access all of the text, figures and references from the book on a variety of devices.

The Musculoskeletal System - E-Book Sean O'Neill, Lyn March, Leslie Schrieber, Terence Moopanar, Bill Walter, 2022-06-04. The Systems of the Body series has established itself as a highly valuable resource for medical and other health science students following today's systems based courses. Now thoroughly revised and updated in this third edition, each volume presents the core knowledge of basic science and clinical conditions that medical students need, providing a concise, fully integrated view of each major body system that can be hard to find in more traditionally arranged textbooks or other resources. Multiple case studies help relate key principles to current practice, with links to clinical skills, clinical investigation and therapeutics made clear throughout. Each print volume also now comes with access to the complete enhanced eBook version, offering easy, anytime, anywhere access, as well as self assessment material to check your understanding and aid exam preparation. The Musculoskeletal System provides highly accessible coverage of the core basic science principles in the context of clinical case histories, giving the reader a fully integrated understanding of the system and its major diseases: Rheumatoid arthritis and the hand; Soft tissue rheumatic disease involving the shoulder and elbow; Nerve compression syndromes; Lower back pain; Bone structure and function in normal and disease states; The synovial joint in health and disease; Osteoarthritis; Crystal arthropathies and the ankle; Skeletal muscle and its disorders; Autoimmunity and the musculoskeletal system; Trauma and the musculoskeletal system; Infection and the musculoskeletal system.

Systems of the Body Series: The Renal System, The Musculoskeletal System, The Nervous System, The Digestive System, The Endocrine System, The Respiratory System, The Cardiovascular System.
