Responses to Elie Wiesel Harry J. Cargas, B'nai B'rith. Anti-defamation League, 1978 **There are no Right Answers to Wrong Questions** Peter C. Wilcox, 2016-06-28 Abraham Joshua Heschel said that We are closer to God when we are asking questions than when we have the answers He believed that to be a Christian is not to be a person who knows all the answers but one who lives in the part of the self where the question is constantly being born Most of us don't think very much about our questions In our culture we are accustomed to being able to find out answers to nearly any question just by typing it into Google search or asking Siri But behind any answer there is always a question Sometimes the question isn't clear to us sometimes it is not very well articulated even to ourselves But it is always there In over thirty years as a psychotherapist and spiritual director Peter C Wilcox has seen how the questions people ask themselves have shaped their lives in some very important ways This book is an invitation to see how important it is to learn how to ask the right questions about our lives This is because our choice of questions leads us on a path of discovery towards answers that help us to grow spiritually and psychologically Our questions orient our lives and give direction to us We will see that they enable us to make fifteen choices that have a tremendous impact on the kind of person we become **Reflections of an Unconverted**

Convert Murray Joseph Haar, 2022-12-19 This is the story of Dr Murray Haar's odyssey from Jewish tradition to Christianity and back again As the child of Holocaust survivors he struggled with questions of God and faith and finally left the religious tradition of his youth behind He became an ordained Lutheran pastor and professor at a midwestern Lutheran College Ultimately through the influence of Elie Wiesel he found the way back home to the Jewish tradition and community of his birth

I Was Gone Long Before I Left Peter C. Wilcox, 2020-09-15 In St Teresa of Avila's classic spiritual book Interior Castle she describes a difficult period of time in her spiritual journey when she said When I think of myself I feel like a bird with a broken wing When I left the monastery thirty eight years ago this was exactly how I felt I Was Gone Long Before I Left is the story about my interior struggle to leave the monastery after living this lifestyle for over twenty five years It explores the reasons why I went to the monastery why I stayed why I eventually left and what I have learned Maybe more importantly it describes the many years of mental anguish confusion and depression that I went through to finally make this decision It has brought back many painful memories and experiences and called for an honesty and vulnerability that I found daunting For over thirty eight years I have been unable to write about my experience of life in the monastery because I felt ashamed For years I thought about leaving but couldn't make this decision because I felt paralyzed psychologically and emotionally Now after all these years I have found the courage to share my story **CliffsNotes on Wiesel's Night** Maryam

Long Night's Journey into Day Alice L. Eckardt, A. Roy Eckardt, Irving Greenberg, Franklin H. Littell, 2016-11-08 *Long Night's Journey Into Day* is a stimulating and provocative attempt to deal with the impact and meaning of the Holocaust within contemporary Christian and Jewish thought To Jews the Holocaust is the most terrible happening in their history but it must also be seen as a Christian event The Eckardts call for a radical rethinking of the Christian faith in the light of the Holocaust examining such issues as the relation between human and demonic culpability the charge of God's guilt and the reality of forgiveness They clarify the theological meaning of the Holocaust and the responsibility that must be borne for it by the Christian Church and discuss possible responses to it as exemplified in the writings of selected modern theologians and church councils This enlarged and revised edition takes into account new topics and developments including the issue of Austrian responsibility for the Holocaust the significance and aftermath of Babi Yar and antisemitism in German feminism More detailed attention is also given to other modern genocides and occasions of humanly caused mass death Additional literary historical and religious works are considered and appropriate quotations incorporated The new edition also includes a revised preface an updated bibliography and two new appendices

Fantasies of Witnessing Gary Weissman, 2018-07-05 *Fantasies of Witnessing* explores how and why those deeply interested in the Holocaust yet with no direct familial connection to it endeavor to experience it vicariously through sites or texts designed to make it real for nonwitnesses Gary Weissman argues that far from overwhelming nonwitnesses with its magnitude of horror the Holocaust threatens to feel distant and unreal A prevailing rhetoric of secondary memory and trauma he contends and efforts to portray the Holocaust as an immediate and personal experience are responses to an encroaching sense of unreality In America we are haunted not by the traumatic impact of the Holocaust but by its absence When we take an interest in the Holocaust we are not overcoming a fearful aversion to its horror but endeavoring to actually feel the horror of what otherwise eludes us Weissman focuses on specific attempts to locate the Holocaust in the person of Elie Wiesel the most renowned survivor and his classic memoir *Night* in videotaped survivor stories and Lawrence L. Langer's celebrated book *Holocaust Testimonies* and in the films *Shoah* and *Schindler's List* These representations he explains constitute a movement away from the view popularized by Wiesel that those who did not live through the Holocaust will

never be able to grasp its horror and toward re creating the Holocaust as an experience nonwitnesses may put themselves through It is only by acknowledging the desire that gives shape to such representations and by exploring their place in the ongoing contest over who really knows the Holocaust and feels its horror that we can arrive at a more candid assessment of our current and future relationships to the Holocaust he says Encountering Transcendence Lieven Boeve, Hans Geybels, Stijn Van den Bossche, 2005 This volume consists of several contributions to a refined understanding of religious experience in view of contemporary theological epistemology Diverse sample studies taken from the extensive field of religion theology and religious studies reveal that religious experience is today clearly a pivotal issue More specifically this is made evident in modern theological hermeneutics and in the anti modern and or post modern reactions thereto the theology of world religions and inter religious dialogue the contemporary resurgence of religiosity in Western society and culture and the so called turn to religion in contemporary continental philosophy It would appear from such studies that the category of religious experience is frequently called upon to clarify or explain the phenomenon of religion and religiosity on the one hand and to support and legitimise religious positions or the critique thereof on the other Because of the loss of plausibility of tradition bound religiosity and of foundational so called onto theological schemes religious experience has come to constitute for many the last or latest point of departure and anchor for religion and religious thinking This is certainly the case with respect to tendencies within contemporary Christian traditions and theological reflection In a multitude of ways and from a variety of different perspectives religious experience and experience of transcendence or of the divine have gained a prominent place in philosophical and fundamental theological conceptual schemes In reaction to this other authors have denied the very primacy given to religious experience in reflecting upon faith pointing to the constitutive role of tradition and narrative without which there is no religious experience From all this follows that the category of religious experience is in great need of reconceptualisation not least from a theological point of view On the one hand religious experience is all too easily called upon to legitimise religious claims often against tradition and on the other hand the category has become misleading in so far as it is tainted by the modern scientific understanding of experience in reaction to which tradition is then easily invoked to protect the core of religion Both young scholars at the preceding junior conference and senior scholars during the conference s paper sessions presented from diverse perspectives new ways to conceive of religious experience in view of today s challenges of secularisation religious plurality the aestheticisation of religion etc The selected contributions have been arranged in four thematically oriented parts Approaching Religious Experience in a Postmodern Age Modern re Thinking of Religious Experience Liberating Religious Experience and Challenges for Spirituality *A Journey through Forgiveness* , 2020-05-18 In the present book scholars and activists from a variety of disciplinary perspectives engage each other around the topic of forgiveness They examine its benefits and costs its motives and its limitations The different voices do not sing in unity but by the end of the book you might conclude that some times of beautiful harmony were heard
