National Review's Literary Network Stephen Schryer,2024-01-23 National Review s Literary Network traces the careers of novelists journalists and literary critics who wrote for William F Buckley Jr s National Review In the 1950s the magazine sought to establish itself as a conservative alternative to liberal journals like Partisan Review To do so it needed a robust book review section featuring nationally recognized writers Between the 1950s and the 1980s Whittaker Chambers John Dos Passos Hugh Kenner Guy Davenport Joan Didion Garry Wills and D Keith Mano wrote for the magazine The magazine boosted their careers and they in turn helped make Buckley s version of conservatism respectable In the pages of National Review

and elsewhere these writers fashioned a body of literary work that takes up and refracts right wing concerns about tradition religion and personal liberty Uncovering a neglected part of post World War II American literary history Stephen Schryer highlights these writers enduring impact on movement conservatism Believing in the power of intellectuals Buckley and his fellow editors argued that the academy the media and other institutions had been taken over by a liberal establishment that sought to impose its ideas on the nation They wanted to establish a network of institutional counter circuits staffed by conservatives The magazine s literary intellectuals contributed to this effort helping conservatives present themselves as a counter elite sheltering traditional humanities based knowledge within a technocratic welfare state In so doing they facilitated the magazine s assault on the very possibility of expertise ushering in the fragmented epistemological landscape that has characterized the United States since the late 1960s

Ashes of a Black Frost Chris Evans, 2011-10-18 Bones jutted from the sand at angles not odd angles though for that would suggest that there were ways bones could protrude that made sense and the eyes of those still living stared and saw nothing Amidst a scene of carnage on a desert battlefield blanketed in metallic snow Major Konowa Swift Dragon sees his future and it is one drenched in shadow and blood Never mind that he has won a grand victory for the Calahrian Empire He came here in search of his lost regiment of elves while the Imperial Prince came looking for the treasures of a mystical library and both ventures have failed But Konowa knows as do the Iron Elves both living and dead that another far more important battle now looms before them The campaign in the desert was only the latest obstacle on the twisted darkening path leading inexorably to the Hyntaland and the final confrontation with the dreaded Shadow Monarch In this third novel of musket and magic in Chris Evans s Iron Elves saga Konowa s ultimate journey is fraught with escalating danger A vast black forest finds a new source of dark power spawning creatures even more monstrous than the blood trees from which they evolve The maniacally unstable former emissary of the Shadow Monarch hungers for revenge leading an army of ravenous beasts bent on utterly destroying the Iron Elves A reluctant hero Private Alwyn Renwar struggles to maintain his connection to this world and that of the loyalty of the shades of the dead And in a maze of underground tunnels Visyna Tekoy whom Konowa counts among those he has loved and lost fights for her life against the very elves he so desperately wants to find And so Konowa sets off from this Canyon of Bones pursuing his freedom from a curse that has cast his life in darkness For though his long violent trek may indeed lead him to his destiny he is ill prepared for the discovery he will make with the fate of the Iron Elves and the world hinging on the courage of one wrathful elf

Tolkien in Central Europe** Janka Kascakova,David Levente Palatinus,2023-09-29 This volume is a long overdue contribution to the dynamic but unevenly distributed study of fantasy and J R R Tolkien s legacy in Central Europe The chapters move between and across theories of cultural and social history reception adaptation and audience studies and offer methodological reflections on the various cultural perceptions of Tolkien s oeuvre and its impact on twenty first century manifestations They analyse how discourses about fantasy are produced and mediated and how processes of re mediation shape our understanding of the historical coordinates and local peculiarities of fantasy in general and Tolkien in particular all that in Central Europe in an age of global fandom The collection examines the entanglement of fantasy and Central European political and cultural shifts across the past 50 years and traces the ways in which its haunting legacy permeates and subverts different modes and aesthetics across different domains from communist times through today s media saturated culture
