The Kynoch Press Caroline Archer, 2000. The change to photocomposition was embraced and in its latter years the Press was innovative in embracing new opportunities in particular with a complete foreign language service offered to export businesses. However, the economic recession of the early 1980s combined with other factors forced ICI to question the viability of an in-house printer, and after an abortive sale the Press was closed in 1981. The history of the Kynoch Press that Caroline Archer offers is the result of exhaustive research enriched by personal accounts from surviving staff which give a fascinating perspective on the half century from 1930 to 1980. The book also contains very detailed listings of the types held by the press at every period.
