Gerard Giordano

Answers Staar April Reading 2013 6th:

Common Sense Questions about School Administration Gerard Giordano, 2015-03-06 Parents have questions for school administrators. They want to know how they hire teachers, erect facilities, select learning materials, protect students, allocate budgets, use data, make forecasts, measure progress, and compete with for-profit schools. This book examines the questions they pose, the answers they elicit, the allies they attract, the adversaries they arouse, and the improvements they produce.

Fairness in Educational Assessment and Measurement Neil J. Dorans, Linda L. Cook, 2016-09-19 The importance of fairness, validity, and accessibility in assessment is greater than ever as testing expands to include more diverse populations, more complex purposes, and more sophisticated technologies. This book offers a detailed account of fairness in assessment and illustrates the interplay between assessment and broader changes in education. In 16 chapters written by leading experts, this volume explores the philosophical, technical, and practical questions surrounding fair measurement. Fairness in Educational Assessment and Measurement addresses issues pertaining to the construction, administration, and scoring of tests; the comparison of performance across test takers, grade levels, and tests; and the uses of educational test scores. Perfect for researchers and professionals in test development, design, and administration, *Fairness in Educational Assessment and Measurement* presents a diverse array of perspectives on this topic of enduring interest. The Open Access version of this book is available at <http://www.taylorfrancis.com> and has been made available under a Creative Commons Attribution-NonCommercial-NoDerivatives 4.0 license.

Dual Language Bilingual Education Kathryn I. Henderson, Deborah Palmer, 2020-04-15 This book explores the role of the teacher in dual language bilingual education (DLBE) implementation in a time of nationwide program expansion. In large part due to new and unprecedented top-down initiatives at state and district level, the book provides case studies of DLBE teachers who a) implemented the DLBE model with fidelity, b) struggled to implement the DLBE model, and c) adapted the DLBE model to meet the needs of their local classroom context. The book demonstrates the way teachers as language policymakers navigate and interpret district-wide DLBE implementation and the tensions that surface through this process. The research conducted over four years using a variety of methods highlights the challenges and opportunities faced by teachers implementing DLBE and will be of interest to both teachers and administrators of DLBE programs as well as scholars working in bilingual education.
