most formidable tasks that an individual faces today is to learn this simple truth That is life is a journey of self realization Getting thoughts create barriers that prohibit understanding An affected person is unconsciously misled to believe that the only reality that exists is the one experienced by the five senses As such spirituality is reduced to a mechanical affair where the soul is bound and heaven is perceived as being a distant place that is unexperienceable until after death The message contained in this book illuminates the idea heaven is a choice and it can be experienced NOW To claim this miracle for self it is necessary to re work the thoughts in the mind Those that create what is not wanted must be let go and as a mother bear protects her cub one must guard the thoughts allowed into the mind Taking personal responsibility is at the heart of this self work This personal revolution is a process Any courageous enough to claim it can expect to create the following intimate social relationships responsive political systems schools that teach children Who They Are and loving families *The Divine Universe* Zara Borthwick, Nicholas Arnold, 2013-11-12 This book is a work of spirit communication that introduces themes of Love and Spirit relating with the Natural love of man and the Divine Love of God The Padgett Messages also a book of spirit communication was received by James E Padgett 1914 1923 The Divine Universe extends the experience and vision of the Divine Love from the messages that James received The Divine Universe introduces the workings of the soul the spirit body human evolution of the personality and how this evolution transitions from a human life into spirit life The vision of harmony Immortality and living Divine Love is conveyed by the spirits with illumination and a sense of wonder that introduces the living potential of love for us all The Little Book of the Spirit Elaine Partnow, 2011-04-12 In times of trouble and even when things are going well we can all benefit from an encouraging word or hopeful advice Optimistic words of wisdom from people who have themselves risen to positions of prominence are often all it takes to remind us of life s simple joys and the possibility of triumphing over its challenges In The Little Book of the Spirit acclaimed author Elaine Bernstein Partnow presents hundreds of uplifting observations designed to inspire motivate and comfort readers Drawn from the insights of humorists politicians Olympians Nobel Prize winners and other notables this compilation culls the thoughts of an international array of incredible men and women noted for their positive contributions to the world Featuring wise and witty sayings from notable men and women The Little Book of the Spirit offers an uplifting and rejuvenating reading experience that is sometimes humorous sometimes serious and always provocative Psychiatryland Phillip Sinaikin, 2010-09-21 Have you ever sought professional help for an emotional problem and were shocked to find yourself diagnosed as mentally ill Are you being pressured to take psychiatric medications by a doctor who barely listens to you If you are one of the millions of consumers of professional mental healthcare in America today the answer to both questions is most likely yes and its just as likely the treatment isnt working In Psychiatryland Dr Phillip Sinaikin teaches you why mental healthcare in America has come to be totally dominated by the so called medical model of mental illness and how this can be dangerous to both your mental and physical health Geared toward consumers Sinaikin shows that psychiatry as it is practiced today is not a

progressive medical science but rather a multibillion dollar business run for profit by pharmaceutical companies the insurance industry and mainstream psychiatry Dr Sinaikin provides the tools to empower you and to help you learn how to take personal control of your mental healthcare and begin to make well informed and rational decisions about the emotional well being of yourself and the people you love
