Jozsa, 2011 The National Basketball Association NBA is widely recognized as an entertaining and innovative league whose teams play regular season and postseason games in packed arenas at home and away sites in the United States and Canada This book discusses the development growth and success of the 61 year old NBA from a business perspective Covering the late 1940s to 2009 it focuses on the league's expansions and mergers team territories and relocations franchise organizations and operations basketball arenas and markets and NBA domestic and international affairs Readers will gain an insight into when how and why the NBA emerged reformed and gradually matured to become one of the world's most dominant prosperous and popular professional sports organizations today **YouTube Channels For Dummies** Rob Ciampa, Theresa Go, Matt Ciampa, Rich Murphy, 2020-09-01 Create a YouTube channel that draws subscribers with top notch content YouTube has the eyes and ears of two billion monthly users *YouTube Channels for Dummies* 2nd Edition offers proven steps to attracting a chunk of those billions to your personal or business channel This updated guide offers insight from a quartet of YouTube channel content creators managers marketers and analysts as they share the secrets

of creating great content building an audience and interacting with your viewers The book includes information on Setting up a channel Creating videos that attract viewers Putting together a video studio Editing your final product Reaching your target audience Interacting with your fans Building a profitable business Tips on copyright law Written for both the budding YouTube creator and the business professional seeking to boost their company's profile on the popular social networking site YouTube Channels for Dummies allows its readers to access the over two billion active YouTube users who log on each day Learn how to create a channel build a YouTube following and get insight on content creation planning and marketing from established YouTube creators

**The Digital NBA** Steven Secular, 2023-06-20 The National Basketball Association reaches a global audience via a multiplatform strategy that leverages its uncanny ability to connect fans to all things NBA Steven Secular brings readers inside the league's global operations and traces the history of the NBA's approach to sports media from its 1980s embrace of cable through the streaming revolution of the twenty first century As fans around the world stream games and other league content NBA teams incorporate foreign languages and cultures into broadcasts to boost their product's appeal to audiences in Brazil China and beyond Secular's analysis reveals how the NBA continues to transform itself into a wildly successful media producer and distributor more akin to a streaming studio than the sports leagues of old even as its media partners and sponsors erase any notion of sports as a civic good A timely look at a dynamic media landscape The Digital NBA shows how the games we love became content first and sport a distant second

**Key Ideas In Sports Psychology** Prof. Sarita Tyagi, Whether you're an athlete coach student or sports enthusiast understanding the mental side of performance is crucial Key Ideas in Sports Psychology is a concise practical guide to the core psychological principles that drive success in sports From motivation and focus to stress management and team dynamics this resource breaks down complex theories into clear actionable insights Learn how elite performers think prepare and recover and how you can apply these techniques to enhance your own performance or support others

Handbook on the Economics of Sport Wladimir Andreff, Stefan Szymanski, 2006 The editors should be commended for taking on such a big task and succeeding so well This book should be in the library of every institution where students have to write a paper that may be related to sport or on the shelf of any lecturer teaching economics or public finance who has even a remote interest in sport The material is very accessible and useful in many different settings Ruud H Koning Jahrbuch der Nationalökonomie u Statistik Edward Elgar's brilliant market niche is identifying a topic in economics finding editors who know the area backwards and challenging them to assemble the best cross section of relevant articles either already published or newly commissioned Handbook on the Economics of Sport is Edward Elgar at its very best If you love economics you'll find many fascinating insights here if you love sport but know little economics then this book is mostly accessible and will teach you a lot and if you are a sports mad economist then you will be in hog heaven Furthermore if like this reviewer you are broadly very sceptical about the reports consultants produce for governments on the supposed economic windfall from hosting a big event or subsidising a stadium

then you will get a lot of good counter arguments in this volume Indeed there are several chapters on the above theme that I m sure I ll be copying frequently to government officials in years to come The demand for sport is a fascinating subject and it is hard to pick out just one chapter from the second section Read them all they make a wonderful 65 page treat Part VI was a real feast a smorgasbord This is a magnificent piece of work and the 36 page index rounds it all off splendidly John Blundell Economic Affairs The book covers the most important areas of research of an emerging economic sub discipline spanning the past half a century It serves admirably the purpose of an introduction into the rich and growing area of reflection for all concerned the editors and authors of the Handbook have done a commendable job of accumulating sophisticated material for many economists managers politicians and self conscious fans who are sure to find excellent training ground for the whole heptathlon This book will be invaluable for advanced students investigating professional sport From the point of view of lawyers particularly those engaged with the relationship between law and sports governance the Handbook offers invaluable analysis of the economic issues that are alluded to in those debates but rarely examined in detail These insights will also prove useful for policy analysts and sports administrators for whom many sections should be considered mandatory reading Aleksander Sulejewicz Journal of Contemporary European Research Over 800 pages on the economics of sport What a feast What a treat The editors have done a wonderful job both in terms of breadth from David Beckham to child labour in Pakistan and depth tournaments and luxury taxes for example The 86 chapters are uniformly of a very high standard and illuminating And there are real gems in some of the contributions British Journal on the Economics of Sport This very interesting and comprehensive book achieves its objective namely to present an overview of research in sports economics at an introductory level The editors have produced an excellent reference book that belongs in all academic institutions libraries It provides extensive introduction to the growing body of literature in the rising field of economics of sport The book s relevant monographs should be read by institutions cities and countries prior to their committing major resources towards sports facilities or a sporting event James Angresano Journal of Sports Economics One could think of this book as the sports and economics counterpart to Joy of Cooking because it will satisfy the needs of those with a keen interest in such subjects as the

Papers Presented at the Fifteenth International Conference on Patristic Studies Held in Oxford 2007 Jane Baun,2010

**The NBA Story** Rich Mintzer,Eric Mintzer,2020-05-26 The NBA Story will help you understand and adopt the competitive strategies workplace culture and daily business practices that enabled the exciting basketball league to become the powerhouse it is today Today s NBA is filled with larger than life figures like LeBron James James Harden and Stephen Curry who effortlessly dominate the courts But it wasn t always so glamorous The multi billion dollar league has grown from humble roots into a sports powerhouse that is loved around the world due to savvy digital marketing and a global focus Thanks to the popularity of individual players and team rivalries the NBA has survived league mergers and financial crisis Teams have earned the respect of millions of loyal fans who are dedicated to the success of every organization within the

league Through the story of the NBA you ll learn How to keep a dream alive when it seems like no one wants to see it come true How a company can find their way out of a financial crisis How presentation is the secret sauce to the success of any show And how a company can build a loyal fanbase who will do anything to keep them on top Discover how this iconic organization got it right and created a successful long lasting business and how you can do the same for your company

*Geographical Thought* Anoop Nayak,Alex Jeffrey,2013-12-02 *Geographical Thought* provides a clear and accessible introduction to the key ideas and figures in human geography The book provides an essential introduction to the theories that have shaped the study of societies and space Opening with an exploration of the founding concepts of human geography in the nineteenth century academy the authors examine the range of theoretical perspectives that have emerged within human geography over the last century from feminist and marxist scholarship through to post colonial and non representational theories Each chapter contains insightful lines of argument that encourage readers towards independent thinking and critical evaluation Supporting materials include a glossary visual images further reading suggestions and dialogue boxes Sport Media Vectors: Gender and Diversity, Reconstructing the Field Laurel Michele Walzak,Danica Vidotto,Francesco Collura,2021-11-12 In this book Walzak Collura and Vidotto bring together an invited collection of writing from emerging scholars about sports sports media and equity We are excited about this work as authors span from undergraduates and Masters students to doctoral candidates from Canada and Ireland All of us are passionate and excited about the possibilities for equity and radical change that needs to happen across the sports and sports media landscape to make sports truly equitable This collection reflects the author s personal investments and interest in sports Chapter themes include racialized sports women media inequities in women s sports including basketball soccer and swimming and personal narratives of disability in sport
