The Ancient Secret of the Flower of Life, Volume 1 Drunvalo Melchizedek, 2012-04-28 Once all life in the universe knew the Flower of Life as the creation pattern the geometrical design leading us into and out of physical existence Then from a very high state of consciousness we fell in darkness and forgot who we were For thousands of years the secret was held in ancient artifacts and carvings around the world and encoded in the cells of all life Here Drunvalo Melchizedek presents in text and graphics the first half of the Flower of Life Workshop illuminating the mysteries of how we came to be why the world is the way it is and the subtle energies that allow our awareness to blossom into its true beauty Sacred Geometry is the form beneath our being and points to a divine order in our reality We can follow that order from the invisible atom to the infinite stars finding ourselves at each step The information here is one path but between the lines and

contributes an added dimension to my earlier information Sedona seems to reflect the best qualities or perhaps I should say combined qualities the essences and elements of the Great Pyramids Glastonbury Stonehenge Ayers Rock Mount Shasta the South American Pyramids Peru Tibet Nepal India Lourdes and many other power places around the world How can I make such a claim For the reason that I interact on a regular basis with individuals from virtually every corner of the Earth who have spent time in those sacred and mysterious places Through these travelers I have learned that there is simply no other place like Sedona Your Ascension Mission Joshua David Stone, Janna Shelley Parker, 1998-09-01 We are all as unique as individual snowflakes intricately designed so that no two are alike yet when observed as a whole we form the blended essence of lightworkers merging into vaster and fuller aspects of God the one great whole Each of us holds a very specialized piece of the divine puzzle of God or the whole The more attuned we become to God the more we are called to find and fulfill that specialized piece of the puzzle belonging to ourselves alone When we find this puzzle piece and embrace it we are then able to fulfill our divine mission on this Earth *Mahatma I and II* Brian Grattan, 1994-01-01 What all of mankind have learned in the past about creation is the way that existence isn't a paradox Awaken and realize that all of mankind will create their body for Ascension whether they accomplish this now or later and that this is not the exclusive domain of Christ or Buddha or many others who have ascended this is your birthright You are not relegated to worshipping those who have already done this very basic initiation called Ascension Christ and Buddha would be the first to acknowledge that they are just beginners on their eternal journey When mankind lifts the veils of their unworthiness and recognize that they are the Sons of God that there is divine equality and no one is greater than another then you will have begun our journey in the way that it was intended In your near future your Planetary Hierarchy will release the world from theology ecclesiasticism and the wrathful Jehovah and return humanity to its rightful journey into spiritualizing matter not worshipping it The Mahatma is for those who are motivated to search for the answers that can respond to their mental and spiritual bodies In the past mankind's choices of beliefs and religions have supported only the emotional body and the darker material side of life And truly if one is going to remain on Earth very drastic shifts of consciousness will be required to have mankind remain in Earth's new fourth dimensional reality No matter how contrary to your current beliefs this book contains methods for creating your spiritual Lightbody for Ascension and it also explains your eternal journey in a way that was never before available to mankind *The Gentle Way II* Tom T. Moore, 2009 A handbook about your life before birth and your life after death it explains the how and why of experiences with space people and dimensions Humanity in its many forms is a puppet on the stage of creation From the Introduction The Truth The Whole Truth And Nothing But the Truth As We Know It The game of creation has a very definite purpose We live move and have our existence in consciousness the Great Power that is creating all forms that is everywhere that is doing everything that is experiencing all things all of the time This Consciousness this Power this Logos Holy Ghost it has many names is all around us even inside of us and in all things that we are aware of In
