A Community of One Martin A. Danahay, 1993-08-24

Complementing recent feminist studies of female self representation this book examines the dynamics of masculine self representation in nineteenth century British literature Arguing that the category autobiography was a product of nineteenth century individualism the author analyzes the dependence of the nineteenth century masculine subject on autonomy or self naming as the prerequisite for the composition of a life history The masculine autobiographer achieves this autonomy by using a feminized other as a metaphorical mirror for the self The feminized other in these texts represents the social cost of masculine autobiography Authors from Wordsworth to Arnold including Samuel Taylor Coleridge Thomas De Quincey John Ruskin Alfred Tennyson Robert Louis Stevenson John Stuart Mill and Edmund Gosse use female lovers and family members as symbols for the community with which they feel they have lost contact In the theoretical introduction the author argues that these texts actually privilege the autonomous self over the images of community they ostensibly value creating in the process a self enclosed and self referential community of one

The Satanism Scare Joel Best, 2017-09-29 Although there is growing concern over Satanism as a threat to American life the topic has received surprisingly little serious attention Recognizing this the editors of this volume have selected papers from a wide variety of disciplines broadly covering contemporary aspects of Satanism from the vantage points of studies in folklore cults religion deviance rock music rumor and

the mass media All contributors are skeptical of claims that a large powerful satanic conspiracy can be substantiated Their research focuses instead on claims about Satanism and on the question of whose interests are served by such claims Several papers consider the impact of anti Satanism campaigns on public opinion law enforcement and civil litigation child protection services and other sectors of American society The constructionist perspective adopted by the editors does not deny the existence of some activities by real Satanists and two papers describe the workings of satanic groups Whatever the basis of the claims examined and analyzed there is growing evidence that belief in the satanic menace will have real social consequences in the years ahead **Pirandello and the Crisis of Modern Consciousness** Anthony Caputi,1988
