Android Quick APIs Reference Onur Cinar,2015-02-03 The Android Quick APIs Reference is a condensed code and APIs reference for the new Google Android 5.0 SDK. It presents the essential Android APIs in a well organized format that can be used as a handy reference. You won't find any technical jargon, bloated samples, drawn-out history lessons, or witty stories in this book. What you will find is a software development kit and APIs reference that is concise to the point and highly accessible. The book is packed with useful information and is a must-have for any mobile or Android app developer or programmer. In the Android Quick APIs Reference, you will find a concise reference to the Android SDK and its APIs using the official Android Studio IDE. This reference is small and handy and ideal for taking with you to your appointments with your clients.

Android Application Development All-in-One For Dummies Barry Burd, John Paul Mueller, 2020-08-04 Conquer the world of Android app development. Android has taken over the mobile and TV markets and become unstoppable. Android offers a vast stage for developers to serve millions and rake in the profits with diverse and wide-ranging app ideas. Whether you're a raw recruit or a veteran programmer, you can get in on the action and become a master of the Android programming universe with the new edition of Android Application Development For Dummies All in One. In addition to receiving guidance on mobile and TV development, you'll find overviews of native code, watch, car, Android wear, and other device development. This friendly, easy-to-follow book kicks off by offering a fundamental understanding of Android's major technical ideas, including functional programming techniques. It moves on to show you how to work effectively in Studio, program cool new features, and test your app to make sure it's ready to release to a waiting world. You'll also have an opportunity to brush up on your Kotlin and develop your marketing savvy. There are millions of potential customers out there, and you want to stand out from the crowd. Understand new features and enhancements. Get development best practices. Know your Android hardware. Access online materials. With a market share like Android's, the stakes couldn't be higher. Android Application Development For Dummies All in One levels the field and gives you the tools you need to take on the world.

Android Recipes Dave Smith, Jeff Friesen, 2014-03-05 Android continues to be one of the leading mobile OS and development platforms driving today's mobile innovations and the apps ecosystem. Android appears complex but offers a variety of organized development kits to those coming into Android with differing programming language skill sets. Android Recipes: A Problem Solution Approach, Third Edition, offers more than 100 down-to-earth code recipes and guides you step-by-step through a wide range of useful topics using complete and real-world working code examples. It's updated to include the KitKat Android 4.4 SDK as well as earlier releases. Instead of abstract descriptions of complex concepts in Android Recipes, you'll find live code examples. When you start a new project, you can consider copying and pasting the code and configuration files from this book and then modifying

them for your own customization needs Crammed with insightful instruction and helpful examples this third edition of Android Recipes is your guide to writing apps for one of today's hottest mobile platforms It offers pragmatic advice that will help you get the job done quickly and well This can save you a great deal of work over creating a project from scratch
