Creation James Tucker,2009-06-18 Veritas vos liberabit The truth shall set you free Karl Marx termed religion the opiate of the masses A kind of drug which most Christians utilize to ease their conscience and induce a feel good state of mind Gods Creation is an attempt to prompt Christians to get off the drug Not to withdraw from religion but just the opposite To withdraw from the complacent palliative and conscience easing state of mind of a part time Christian To replace this false feel good religion with a consciously arrived at faith and belief based upon facts utilizing a logical rational reasoning mind This book is disturbing and enlightening It is mind bending and life altering It is disconcerting as most will learn what their parents priests ministers or rabbis taught them was not necessarily the truth Gods Creation attempts to motivate the indifferent Christians to utilize their God given mind to seriously think about what they actually believe and to conduct their lives according to that belief Jesus warned Many are called but few are chosen Are you among the chosen few *Angels*

Science of the Supernatural Dale Spears,2022-11-03 Science of the Supernatural takes the findings of science and applies them to the doctrines of religion It tells how the natural and the supernatural are just two different parts of the same real universe It shows why the spiritual realm is unseen by us and yet is as real as the elements that make up the earth It explains why we mortals cannot see the spiritual realm and yet the spiritual realm can affect us We can contact God and get answers and sometimes even get what are called miracles from him It shows how creation came from what we call nothing and how the creation as given in Genesis is God organizing what is already there It tells why the fall of Adam left us in such a sad state and how it will be for our benefit in time It explains how God works with this fallen world And it explains how to not only search for God as so many do but how to actually find him Marvelous and wonderful truths are found when the theories of science are applied to the doctrines and truths of religion They fit together quite well **Perfecting**
