with God s creation of animals on the same day and out of the same earth as humans to its closing apocalyptic scenes of horses riding out of the sky Animals are Adam s companions Noah s shipmates and Elijah s saviors They are at the center of ancient Israel s religious life as sacrifices and yet as Job discovers beyond human dominion It is an animal that saves Balaam from certain death by an angel s hand and an animal that carries Jesus into Jerusalem The Creator declares all of them good at the beginning and since the Apostle Paul writes of God s eternal purposes for all things on earth they are somehow part of a hoped for eschatological restoration So why are animals so often ignored in Christian moral discourse In its theological thinking and faith motivated praxis human centeredness typically results in the complete erasure of the nonhuman This book argues that this exclusion of animals is problematic for those who see the Bible as authoritative for the religious life Instead biblical literature bears witness to a more inclusive understanding of moral duty and faith motivated largesse that extends also to Eden s other residents **CliffsNotes AP English Literature and Composition, 3rd Edition** Allan
