relevant to all educators who want their students to become thoughtful readers and powerful learners *Modern Utopian Fictions from H. G. Wells to Iris Murdoch* Peter Edgerly Firchow, 2007-04 Criticism on utopian subjects has generally neglected the literary or fictional dimension of utopia The reason for such neglect may be that earlier utopian fictions tended to be written by what one would nowadays call social scientists e g Plato or Sir Thomas More That is also why earlier discussions of utopian fiction were usually written by critics trained in the social sciences rather than by critics trained in literature To an appreciable degree this still tends to be the case today Now however there is an additional difficulty for the social scientists are critiquing utopias written by people who are primarily literary for example Krishan Kumar on Wells or Bernard Crick on Orwell Inevitably much of importance of literary importance is simply disregarded and so our understanding of modern utopia is correspondingly diminished This book aims to put the fiction back into utopian fictions especially in Britain it seeks to demonstrate in specific ways how those utopias have become increasingly literary possibly as a reaction not only against the social scientification of modern utopias but also in reaction against the modern attempt to institute utopia in reality notably in the former Soviet Union but also in consumerist late twentieth century America After an introductory discussion of how we understand and how we should understand modern utopian fictions the book provides several examples of how those understandings affect our appreciation of utopian fiction There are chapters on H G Wells Time Machine Bernard Shaw s Major Barbara Aldous Huxley s Brave New World George Orwell s Animal Farm and Nineteen Eighty Four William Golding s Lord of the Flies and Iris Murdoch s The Bell

George Orwell's Guide Through Hell Robert Plank,1994-01-01 It is difficult now to recall the enormous impact that George Orwell s classic dystopia *Nineteen Eighty Four* had on the psyche of the western world Written by a dying man in the grimmest of circumstances the novel was intended as both a warning against totalitarianism and the debasement of language and as a reaction to Orwell s personal experiences with English socialism and World War II Clearly 1984 has turned out differently than Orwell depicted Yet the power of the novel remains undiminished it continues to scare and enlighten future generations of readers nearly a half century after its original publication Well known scholar Robert Plank provides a psychological examination of the roots of *Nineteen Eighty Four* and the curious parallels between the book and its antecedents including the film *Citizen Kane* the novels of Dostoevsky and Kafka the philosophy of Whorf Orwell s own life and works and many other obvious and hidden influences Complete with chronology notes bibliographies and index **Philip Allan Literature Guide (for GCSE): Animal Farm** Najoud
