Anarchy ,1978 **Patrick White's The Eye of the Storm, Voss, and Other Novels** Herbert Reaske,1977 *Time of Anarchy* Matthew Kruer,2022-02-08 In 1675 English America descended into anarchy as rebellions massacres and riots swept the colonies from New York to Carolina Behind the upheaval was the Susquehannock Indians Their shrewd responses to settler violence altered the future course of life and government for colonists and Indigenous peoples from the Great Lakes to the Deep South **Marriage Discourses** Jowan A. Mohammed, Frank Jacob, 2021-11-22 Marriage was historically not only a romantic ideal but a tool of exploitation of women in many regards Women were often considered commodities and marriage was far away from the romantic stereotypes people relate to it today While marriages served as diplomatic tools or means of political legitimization in the past the discourses about marital relationships changed and women expressed their demands more openly Discourses about marriage in history and literature naturally became more and more heated especially during the long 19th century when marriages were contested by social reformers or political radicals male and female alike The present volume provides a discussion of the role of marriage and the discourses about in different chronological and geographical contexts and shows which arguments played an important role for the demand for more equality in marital relationships It focuses on marriage discourses may they have been legal or rather socio political ones In addition the disputes about marriage in literary works of the 19th and 20th centuries are presented to complement the historical debates
