

Human Body

SCAVENGER HUNT

The image displays a collection of educational cards about human body systems, arranged around a central illustration of a human figure. The cards are numbered 1 through 6, each featuring a description of a system and a 'CODE WORD' prompt. The central figure is a stylized human body with internal organs highlighted in red. The background is a collage of various cards, some of which are partially visible and show additional text and illustrations.

1 The digestive system breaks down nutrients in the stomach and intestines, then absorbed into the body.

CODE WORD: What system is responsible for reproduction?

2 The urinary system, including the kidneys and bladder, removes waste from the blood and regulates water and electrolyte balance.

CODE WORD: What system provides body structure and organ protection?

3 The reproductive system enables reproduction. In females, it includes the ovaries and uterus. In males, it includes the testes and penis.

CODE WORD: What system transports blood?

4 The nervous system includes the brain, spinal cord, and nerves. It controls voluntary movements, such as walking, and involuntary functions, such as breathing.

CODE WORD: What system is responsible for the body's defense against disease?

5 The circulatory system, including the heart and blood vessels, transports blood throughout the body, delivering oxygen and nutrients to cells and removing waste products.

CODE WORD: What system is responsible for the body's defense against disease?

6 The endocrine system, including the thyroid, pituitary, and adrenal glands, produces hormones that regulate various body functions, such as metabolism and growth.
