Ancillary Sword Imperial Radch Book 2:

Ancillary Sword Ann Leckie, 2014-10-07 Seeking atonement for past crimes Breq takes on a mission as captain of a troublesome new crew of Radchai soldiers in the sequel to the New York Times bestselling award winning *Ancillary Justice*. Breq is a soldier who used to be a warship. Once a weapon of conquest controlling thousands of minds, now she has only a single body and serves the emperor. With a new ship and a troublesome crew, Breq is ordered to go to the only place in the galaxy she would agree to go to: Athoek Station, to protect the family of a lieutenant she once knew, a lieutenant she murdered in cold blood. Ann Leckie's *Imperial Radch* trilogy has become one of the new classics of science fiction. Beautifully written and forward thinking, it does what good science fiction does best: taking readers to bold new worlds with plenty of explosions along the way.

The Imperial Radch Boxed Trilogy Ann Leckie, 2017-09-19 This special boxed set contains all three novels in NYT bestselling author Ann Leckie's Hugo, Nebula, and Locus award-winning space opera trilogy about a ship's AI who becomes trapped in a human body and her quest for revenge. There are few who write science fiction like Ann Leckie can. There are few who ever could. John Scalzi: On a remote icy planet, the soldier known as Breq is drawing closer to completing her quest. Breq is both more than she seems and less than she was. Years ago, she was the Justice of Toren, a colossal starship with an artificial intelligence linking thousands of corpse soldiers in the service of the Radch, the empire that conquered the galaxy. An act of treachery has ripped it all away, leaving her with only one fragile human body and only one purpose: to revenge herself on Anaander Mianaai, many-bodied, near-immortal Lord of the Radch. Ann Leckie's *Imperial Radch* trilogy has become one of the new classics of science fiction. Beautifully written and forward thinking, it does what good science fiction does best: taking readers to bold new worlds with plenty of explosions along the way. Ann Leckie's "Ancillary Justice" David M. Higgins, 2022-11-28 This book argues that Ann Leckie's novel *Ancillary Justice* offers a devastating rebuke to the political, social, cultural, and economic injustices of American imperialism in the post-9/11 era. Following an introductory overview, the study offers four chapters that examine key themes central to the novel: gender, imperialism, economics, race, and revolutionary agency. *Ancillary Justice*'s exploration of these four themes and the way it reveals how these issues are all fundamentally entangled with the problem of contemporary imperial power warrants its status as a canonical work of science fiction for the twenty-first century. The book concludes with a brief interview with Leckie herself touching on each of the topics examined during the preceding chapters.

The Posthuman Condition in 21st Century Literature and Culture María Ferrández-Sanmiguel, Esther Muñoz-González, Carmen Laguarda-Bueno, 2025-06-18 More than a decade after its first definitions, critical posthumanism has become consolidated as a key discourse for the understanding of our contemporary state of being within what has been called the paradigm of posthumanity, but also crucially as an ideology and a praxis that guides our engagements with the world around us. This double dimension characterizes the contributions to this volume. They resort to critical posthumanism in its most recent

developments as a set of tools for critical and cultural analysis of our posthuman times as posthumanist concerns manifest in our cultural products This volume studies the most recent evolutions in the field of critical posthumanism as represented in key novels and other screened popular cultural products produced in the first and second decades of the twenty first century Resorting to the analytical tools provided by critical posthumanist theory in cross disciplinary dialogue with other fields such as transhumanism feminist gender and queer theory vulnerability studies new materialism critical animal studies and environmental theory the scholars whose work this volume showcases bear witness to how literature and popular culture have been influenced and impressed by posthumanism Chapters 1 5 7 8 and 12 are available open access under a Creative Commons Attribution 4 0 International License via Springerlink

Nonbinary Gender Identities Charlie McNabb, 2017-12-08 Nonbinary gender identities are those that fall outside the traditional binary of man and woman These include genderfluid androgynous genderqueer and a multitude of other identity terms some of which overlap Although there have always been people who identify outside the gender binary only recently have they gained popular media attention Despite some visibility however nonbinary gender identities are poorly understood by the general public It is critically important for gender minorities to find themselves in the media that they consume Just as important is the need for those outside the minority community to understand and appreciate them Nonbinary gender identities are represented in books and other media but these resources prove difficult to locate as classification vocabulary doesn't evolve as quickly as community language
