Annales Bergsoniennes Vi Bergson Le Japon La Catastrophe:

Annales bergsoniennes: Bergson, le Japon, la catastrophe, 2013 Le présent volume qui marque les dix ans des Annales bergsoniennes constitue un numéro spécial organisé autour du colloque international Bergson et le d sastre Lire Les deux sources de la morale et de la religion au Japon aujourd'hui qui s'est tenu Tokyo Kyoto et Fukuoka du 24 au 29 octobre 2011 Le thème de ce colloque inscrit dans le cadre du Projet Bergson au Japon sur L'évolution créatrice puis sur Les deux sources de la morale et de la religion a été pour ainsi dire dicté par les événements tragiques survenus Senda et Fukushima le 11 mars 2011 et dont nous n'avons vraisemblablement pas encore mesuré toutes les conséquences théoriques et pratiques Il rejoint par ailleurs une ligne d'interrogation réelle de Bergson encore trop peu aperçue et qui compte parmi les potentialités les plus fécondes et les plus urgentes de cette pensée Les actes de ce colloque sont encadrés par des inédits et des variétés qui entrent eux-mêmes en résonance avec le dossier central Les inédits comprennent une conférence de Jean-Luc Marion prononcée le 7 avril 2011 l'Académie française ainsi qu'une série de textes capitaux non traduits ou devenus introuvables des trois grands philosophes japonais qui ont introduit Bergson dans leur pays et dans leur pensée et auxquels du même coup Bergson nous introduit Nishida Kuki et Tanabe Quand aux variétés différents problèmes actuels du bergsonisme sont abordés ils sont représentatifs de la recherche japonaise contemporaine sur Bergson

Mécanique et mystique Shin Abiko, Hisashi Fujita, Yasuhiko Sugimura, 2018-02-01 Dans les Deux Sources de la morale et de la religion Bergson évoque rarement le Japon Et pourtant dans le quatrième chapitre du même texte intitulé Remarques finales Mécanique et mystique c'est lui qui a bien prévu Hiroshima avec ces mots testamentaires Il faut que tous se battent contre tous comme firent les hordes des premiers temps Seulement on se bat avec les armes forgées par notre civilisation et les massacres sont d'une horreur que les anciens n'auraient même pas imaginée Au train dont va la science le jour approche où l'un des adversaires possesseur d'un secret qu'il tenait en réserve aura le moyen de supprimer l'autre Ainsi se pose la question de savoir comment envisager les Deux Sources travers les relations assez particulières de ce philosophe avec le Japon partir de cette interrogation PBJ Projet Bergson au Japon a organisé aux 5-8 novembre 2013 Paris un colloque qui s'intitule Remarques finales Autour des Deux Sources de la morale et de la religion de Bergson Le présent volume présente les actes de ce colloque elliptical dont les centres étaient Bergson et le Japon In the Two Sources of Morality and Religion Bergson rarely evokes Japan And yet in the fourth chapter of the same text titled Final Remarks Mechanics and Mystics it was he who foresaw Hiroshima with these testamentary words All must fight against all as did the hordes of the early days Only we fight with the weapons forged by our civilization and the massacres are of a horror that the old ones would not even have imagined In the train in which science is going the day is approaching when one of the adversaries possessor of a secret which he held in reserve will have the means of annihilating the other Thus the question arises as to how to envisage the Two Sources through the rather particular relations of this philosopher with Japan Based on this interrogation PBJ Project Bergson in Japan organized a symposium in Paris on 5-8
