INSIDE THIS REPORT

The Annual Arts in Schools Report is a tool for school leaders to understand their delivery of education to every child in their school. This Annual Arts in Schools Report is based upon responses submitted by schools and provides valuable information about responses.

Student Access to and Participation in Arts Education

This section information to understand if students are meeting the New York State Instructional Requirements for the Arts as well as the experiences, resources and facilities used to support art teaching in each school. In addition, this section reports on questions asked in the Learning Environment surveys about arts education.

Resources to Support Arts Education

This section information to understand the resources that schools are allocating to arts education. This section includes information on certified art teachers, art educational opportunities within, after, or out-of-school, art teaching and professional development opportunities for teachers.

Dear School Community,

This report provides a view of the art-education opportunities you are providing for your students based on your response to the Annual Arts Education Survey in May 2009 and includes information from the New York City Department of Education's database.

This Annual Arts in Schools Report is an important part of the New York City Department of Education's effort to ensure that students are receiving students with the high-quality art-education they need and deserve. This report has been created to help school leaders, parents, and students understand how they can improve student learning in the arts, building on the Blueprint for Teaching and Learning in the Arts which provides detailed P-12 standards aligned with state standards. <http://schools.nyc.gov/Collaborative/teachingandlearning/arts/learningstandards>

Chancellor, New York City Department of Education

New York State Requirements for Arts Education

At the elementary level, in grades 1-6, the New York State Education Department (NYSED) requires that students receive instruction in dance, music, theater and visual arts in every grade. In addition, NYSED recommends that students spend a specific allocation of lesson learning in the arts.¹

At the middle school level, in grades 7 and 8, the NYSED expects that students achieve, by the end of grade 8, one half-unit of study in visual arts and one half-unit of study in music. NYSED has allowed New York City schools to offer any one of the art forms to meet the requirements.

At the high school level, the New York State Education Department requires that all students graduate having earned one unit or two credits in the arts (dance, music, theater and/or visual arts). Eligible schools have the option of offering at three or five year sequence in any one of the four art forms. Students who complete three units in a single art form and successfully complete the exit exam in that art form are eligible to receive a Regents Standard Diploma with advanced development in the arts.

Description of School's Arts Programs

This school has submitted the following description of its arts program:

Within the context of New York State Standards, the goal of the Arts Program of Midway Green College Preparatory School is to provide a learning environment where students can nurture their innate creative abilities while simultaneously learning fundamental aspects of the outstanding principles of the art forms, along with its specific history and culture. The Arts Program offers classes designed to help students to develop information-specific and performance-specific skills in dance, music and the visual arts. Creative impulses are nurtured and refined in an artistic environment by teachers, who are themselves practicing artists, as well as state-certified pedagogues. State-of-the-art facilities, i.e., a professional dance studio, an art studio equipped with tools, photography laboratory and pottery wheels, and a music studio provide the environment needed for a wide array of courses. Exhibits of creative art work and performances are the cumulative, intentional project to student undertakes to showcase skills development.
