The Irish Catholic Directory, Almanac and Registry with Complete Ordo in English ,1874 *The Other Friars* Frances Andrews,2006 A concise and accessible history of four of the monastic orders in the middle ages In 1274 the Council of Lyons decreed the end of various new orders of Mendicants which had emerged during the great push for evangelism and poverty in the thirteenth century Latin Church The Franciscans and Dominicans were explicitly excluded while the Carmelites and Austin friars were allowed a stay of execution These last two were eventually able to acquire approval but other smaller groups in particular the Friars of the Sack and Pied Friars were forced to disband This book outlines the history of those who were threatened by 1274 tracing the development of the two larger orders down to the Council of Trent and following the fragmentary sources for the brief histories of the discontinued friaries For the first time these orders are treated comparatively the volume offers a total history from their origins spirituality and pastoral impact to their music buildings and runaways FRANCES ANDREWS is Professor in Mediaeval History at the University of St Andrews Parisian Licentiates in Theology, A.D. 1373-1500. to have been founded by the prophet Carmelite historical myths were first developed as a response to the threat of suppression but increasingly came to form the basis of a distinctive ecclesiology and mission This book which is the first full length study of the Carmelite historical legendary examines the circumstances under which the traditions were constructed describes the evolution of the traditions themselves from the thirteenth to sixteenth centuries and places them within the wider context of historical writing by religious orders and attitudes to the past more generally in the later Middle Ages
