Organizational Perception Management

Kimberly D. Elsbach,2014-06-20 This book summarizes the research findings from the relatively new domain of study called organizational perception management OPM While perception management has been studied at the individual level since the 1960 s organization level perception management was first examined in the 1980 s in the context of corporate annual reports that focused on organizational standard and performance Since then empirical studies have expanded the domain of organizational perception management to include the management of organizational identities as well as the strategic management of specialized organizational images for specific audiences The goals of Organizational Perception Management are to summarize and organize this evolving literature to provide a complete and comprehensive definition of OPM events and tactics illustrate OPM events and tactics in specific real world contexts and identify a set of research themes that may stimulate further research on OPM This text is grounded primarily in empirical research on OPM including qualitative field research and uses current research and case studies to illustrate the application and effectiveness of OPM in context As such it will appeal to students scholars and practitioners of organizational management

Jumping the S-Curve

Paul F. Nunes,Tim Breene,2011-02-24 Recently some bestselling management books have focused on providing a recipe for greatness while others have sought to unlock the secrets of long term success But a detailed analysis at the intersection of the two one that explains how some companies manage to achieve repeated peaks of business performance has been missing until now Accenture s Paul Nunes and Tim Breene have found that what matters is not just climbing your current S curve which is what you do to reach the top of a single successful business Instead they emphasize the equal importance of the moves you must make on the way to your next business that is making the jump to your future S curve Jumping the S Curve reveals crucial insights for making such transitions including Why traditional strategic planning won t allow you to find the big enough market insights that are critical to superior performance Why your top team must be refreshed before performance starts to wane Why you need much more talent than you think especially serious talent that will find you worthy of their time Filled with original practical advice Jumping the S Curve demystifies how companies can thrive with one

successful business after another through both good times and bad **Porsches** Heather Moore Niver,2011-08-01 The first Porsche wowed car lovers in the 1940s Today it s still one of the best known sports cars on the market The story of how this independent car company got started is almost as interesting as the cars themselves Readers will learn about the early days for Porsche enhanced by amazing photographs and high octane facts *The Rotarian: July 2013* , July 2013
