14 Gcse Markschemes Leaked:

Examinations John C. Mathews, 2021-11-29 First Published in 1985 Examinations presents a balanced overview and commentary on all the main aspects of public examinations The key themes are examinations and their context historical political social and educational functions of examination how they work equity and fairness of the process and future of public examinations Recurring issues in the book are the tension between the need for common national standards and the need for diverse individuality and the conflict between competitive functions of examinations as instruments of selection and their descriptive function as reports on standards of performance The author argues that the main aspects of examinations are not given a prominent place in the training of teachers though public examinations have widespread impact on society This book will be an essential read for scholars and researchers of education higher education and also for administrators and policy makers **The Times Index** ,2007 Indexes the Times and its supplements **The Journal of Classics Teaching** ,2004 *The Guardian Index* ,2003 **British Education Index** ,1997
