14 Polaris Ranger Crew:

Short Selling for the Long Term Joseph Parnes, 2020-03-26 Find a method to evaluate stocks and build a record of impressive returns Short Selling for the Long Term describes the methods used by Joseph Parnes President of Technomart to obtain consistent returns in the stock market Most investors fail to exceed the returns represented by the Standard and Poor's Stock Index but Parnes often does using his investment philosophy This book outlines his method of stock assessment providing an understandable formula If the formula tells a reader to buy a stock then as explained there is a significant chance that stock will go up If the formula tells a reader to short a stock then the book shows how there is a significant chance that the stock will go down Parnes advocates the use of short selling as a long term strategy in combination with long positions so advisors and individual investors alike can profit in both rising and falling markets While most investing books focus on how to make money over the long term in a rising markets Parnes's focus on short selling as a way of capturing volatility sets this book apart from the crowd He offers insights into the difference between option trading and shorting which make his system useful in both type of markets Profit in a bear market Borrow the stock you want to bet against Sell borrowed shares Learn the secrets of long term short selling strategy Buy shares back and close by delivering at the new lower price Short Selling for the Long Term is essential reading for investment advisors fund managers and individual investors
