Memo to the Teaching Faculty ,1963 **"Uncool and Incorrect" in Chile** Stephen M. Streeter,2023-02-24 The military coup that toppled Chilean President Salvador Allende in 1973 led to one of the most repressive military dictatorships in Latin American history Although the coup s full origin remains one of the great mysteries of the Cold War most assume that powers in Washington were largely to blame given the long history of U S interventionism in Latin America These assumptions were only strengthened by ongoing suspicions about the Nixon administration s role in a failed campaign to prevent Allende s inauguration in 1970 Providing a comprehensive account of the Nixon administration s efforts to undermine and unseat Allende the book relies heavily on newly declassified records addressing several crucial questions regarding U S involvement The author explores several counterfactual scenarios to highlight important turning points and crucial decisions which contributed to the failure of Chilean democracy *Resources in Education* ,1998 **The Architect and Contract Reporter** ,1898 **Research in Education** ,1974 *Ethnically Qualified* Christina Collins,2015-04-24 Why did the New York City school district once have the lowest ratio of minority teachers to minority students of any large urban school system in the country Using an array of historical sources this provocative book explores the barriers that African American and Latino candidates faced in attempting to become public school teachers in New York from the turn of the century through the end of the 1970s Christina Collins argues that no single institution or policy was to blame for the citys low numbers of non white educators during this period Instead she concludes in this deeply researched book that it was the cumulative effect of discriminatory practices across an entire system of teacher training and selection that created New Yorks unique lack of racial diversity in its teaching force Because of its size and diversity New York represents a particularly valuable case study to learn more about the history of urban teachers in the United States And with the current mandate for qualified teachers under the federal No Child Left Behind Act this fascinating historical account will be essential reading as we debate who is qualified to teach in public school classrooms now and in the future **The Spectator** ,1881 **The Times Index** ,2003 Indexes the Times Sunday times and magazine Times literary supplement Times educational supplement Times educational supplement Scotland and the Times higher education supplement *Journal of the Society of Arts* Royal Society of Arts (Great Britain),1870 **Congressional Record** United States.
