Application of Nanotechnology in Mining Processes Elvis Fosso-Kankeu, Martin Mkandawire, Bhekile B. Mamba, 2022-03-02 Application of Nanotechnology in Mining Processes Nanotechnology has revolutionized processes in many industries but its application in the mining industry has not been widely discussed This unique book provides an overview of the successful implementation of nanotechnology in some of the key environmental and beneficiation mining processes This book explores extensively the potential of nanotechnology to revolutionize the mining industry which has been relying for a very long on processes with limited efficiencies The nine specialized chapters focus on applying nanoflotation to improve mineral processing effective extraction of metals from leachates or pregnant solutions using nanoscale supramolecular hosts and development of nano adsorbents or nano based

strategies for the remediation or valorization of AMD The application of nanotechnology in mining has so far received little attention from the industry and researchers and this groundbreaking book features critical issues so far under reported in the literature Application of nanotechnology in mineral processing for the enhancement of froth flotation Development of smart nanomaterials and application for the treatment of acid mine drainage Recovery of values from pregnant solutions using nanoadsorbents Valorization of AMD through formation of multipurpose nanoproducts Audience Industrial interest will be from mining plant operators environmental managers water treatment plants managers and operators Researchers in nanotechnology environmental science mining and metallurgy engineering will find the book valuable as will government entities such as regulatory bodies officers and environmentalists

Indigenous knowledge systems and climate change management in Africa Ajayi, O.C. (ed), Mafongoya, P.L. (ed), 2017-11-15 Climate change presents a profound challenge to food security and sustainable development in Africa Its negative impacts are likely to be greatest in the African region which is already food insecure In the face of global climate change and its emerging challenges and unknowns it is essential that decision makers base policies on the best available knowledge In recent years the knowledge of local and indigenous people often referred to as indigenous knowledge IK has been increasingly recognised as an important source of climate knowledge and adaptation strategies

Developing University Entrepreneurial Ecosystems In Sub-saharan Africa Dzidziso Samuel Kamuriwo, Sara Jones, Neil Marshall, Mary Kinoti, 2024-12-13 What is the status of university entrepreneurship and innovation ecosystems in Sub Saharan Africa SSA How could they be strengthened so that students academic staff and relevant stakeholders that are part of the ecosystems can best produce better quality ventures i e that can employ more people or make venture founders more employable This book provides a current review of the state of teaching entrepreneurship and its impact on SSA and illuminates different ways universities are strengthening their university entrepreneurship and innovation ecosystems Different approaches in the book fall into four thematic sections namely 1 the exploitation of digital infrastructure to design and deploy virtual accelerators so as to enhance both scale and reach of entrepreneurship education 2 the use of a social entrepreneurship lens to illuminate how key stakeholders can work together as well as communicate policy changes that need to be incorporated for effective implementation of ecosystems 3 ecosystem developments that focus exploiting sector specific knowledge and expertise and lastly 4 ecosystem design considerations such as factors for effective ecosystem design and curriculum development in SSA Significant outcomes from the book are highlights of how academic entrepreneurship can be harnessed to overcome challenges facing SSA The book showcases how digital technologies can be exploited to mainstream entrepreneurship and innovation within and beyond the universities thus improving access to quality education and resources to a much broader audience access In addition the book demonstrates how to effectively engage all relevant stakeholders in an entrepreneurship ecosystem including how to accurately identify all key stakeholders and assess their contextual needs in SSA education settings so as to inform ecosystem development

strategies Finally the book showcases different approaches to entrepreneurship curriculum developments efforts what it takes to develop pilot or enhance curriculum in SSA as well as how provision of more support for students with specific mechanisms can be offered including different ways of including mentoring coaching or incubation and building academic industry partnership as a way of supporting students
